Weaning Table

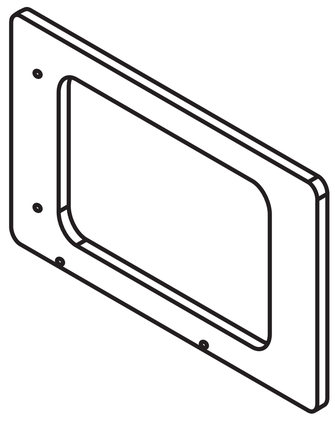

IMPORTANT: Keep children and pets away from assembly area and always maintain supervision around packing materials.

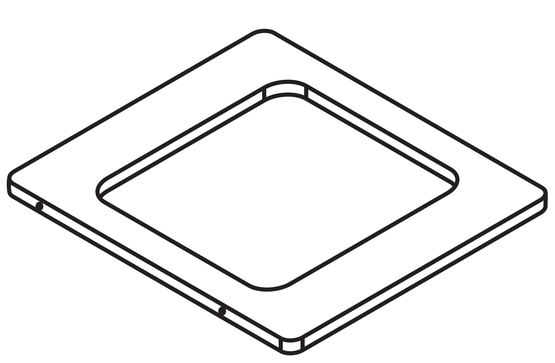

A) Table Side 1

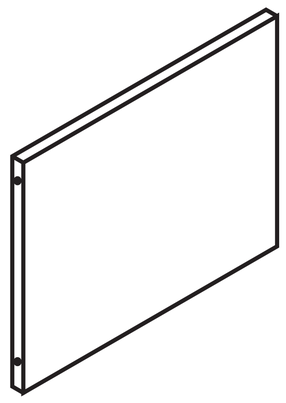

B) Table Side 2

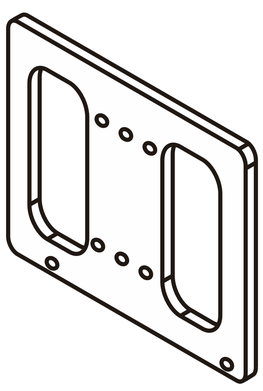

C) Table Back

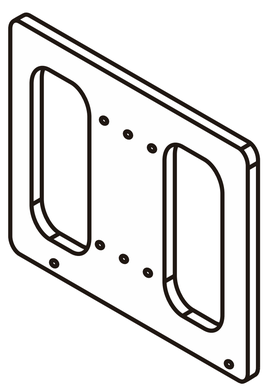

D) Tabletop

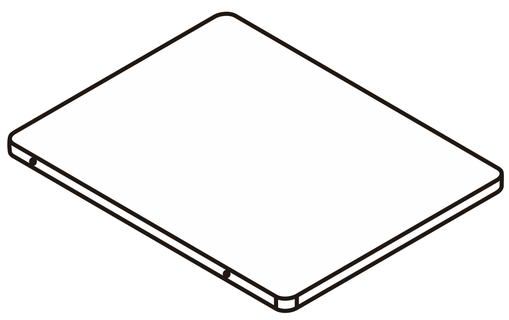

E) Chair Side 1

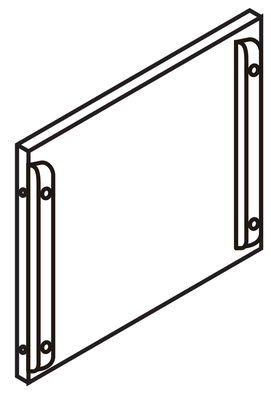

F) Chair Side 2

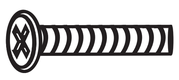

G) Chair Back

H) Chair Seat

1) Wood Screw (x8)

2) Long Machine Screw (x4)

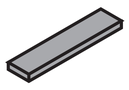

3) Dowel Nut (x4)

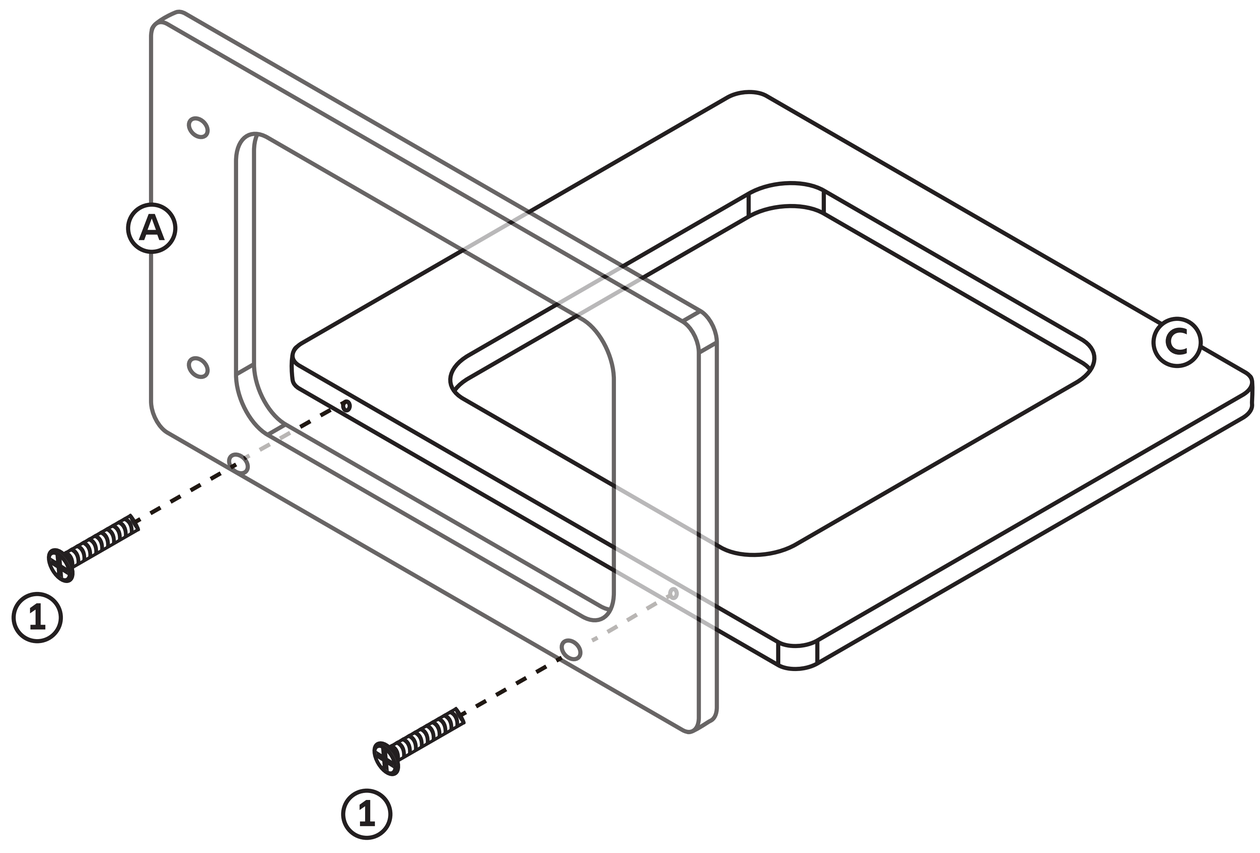

4) Short Machine Screw (x4)

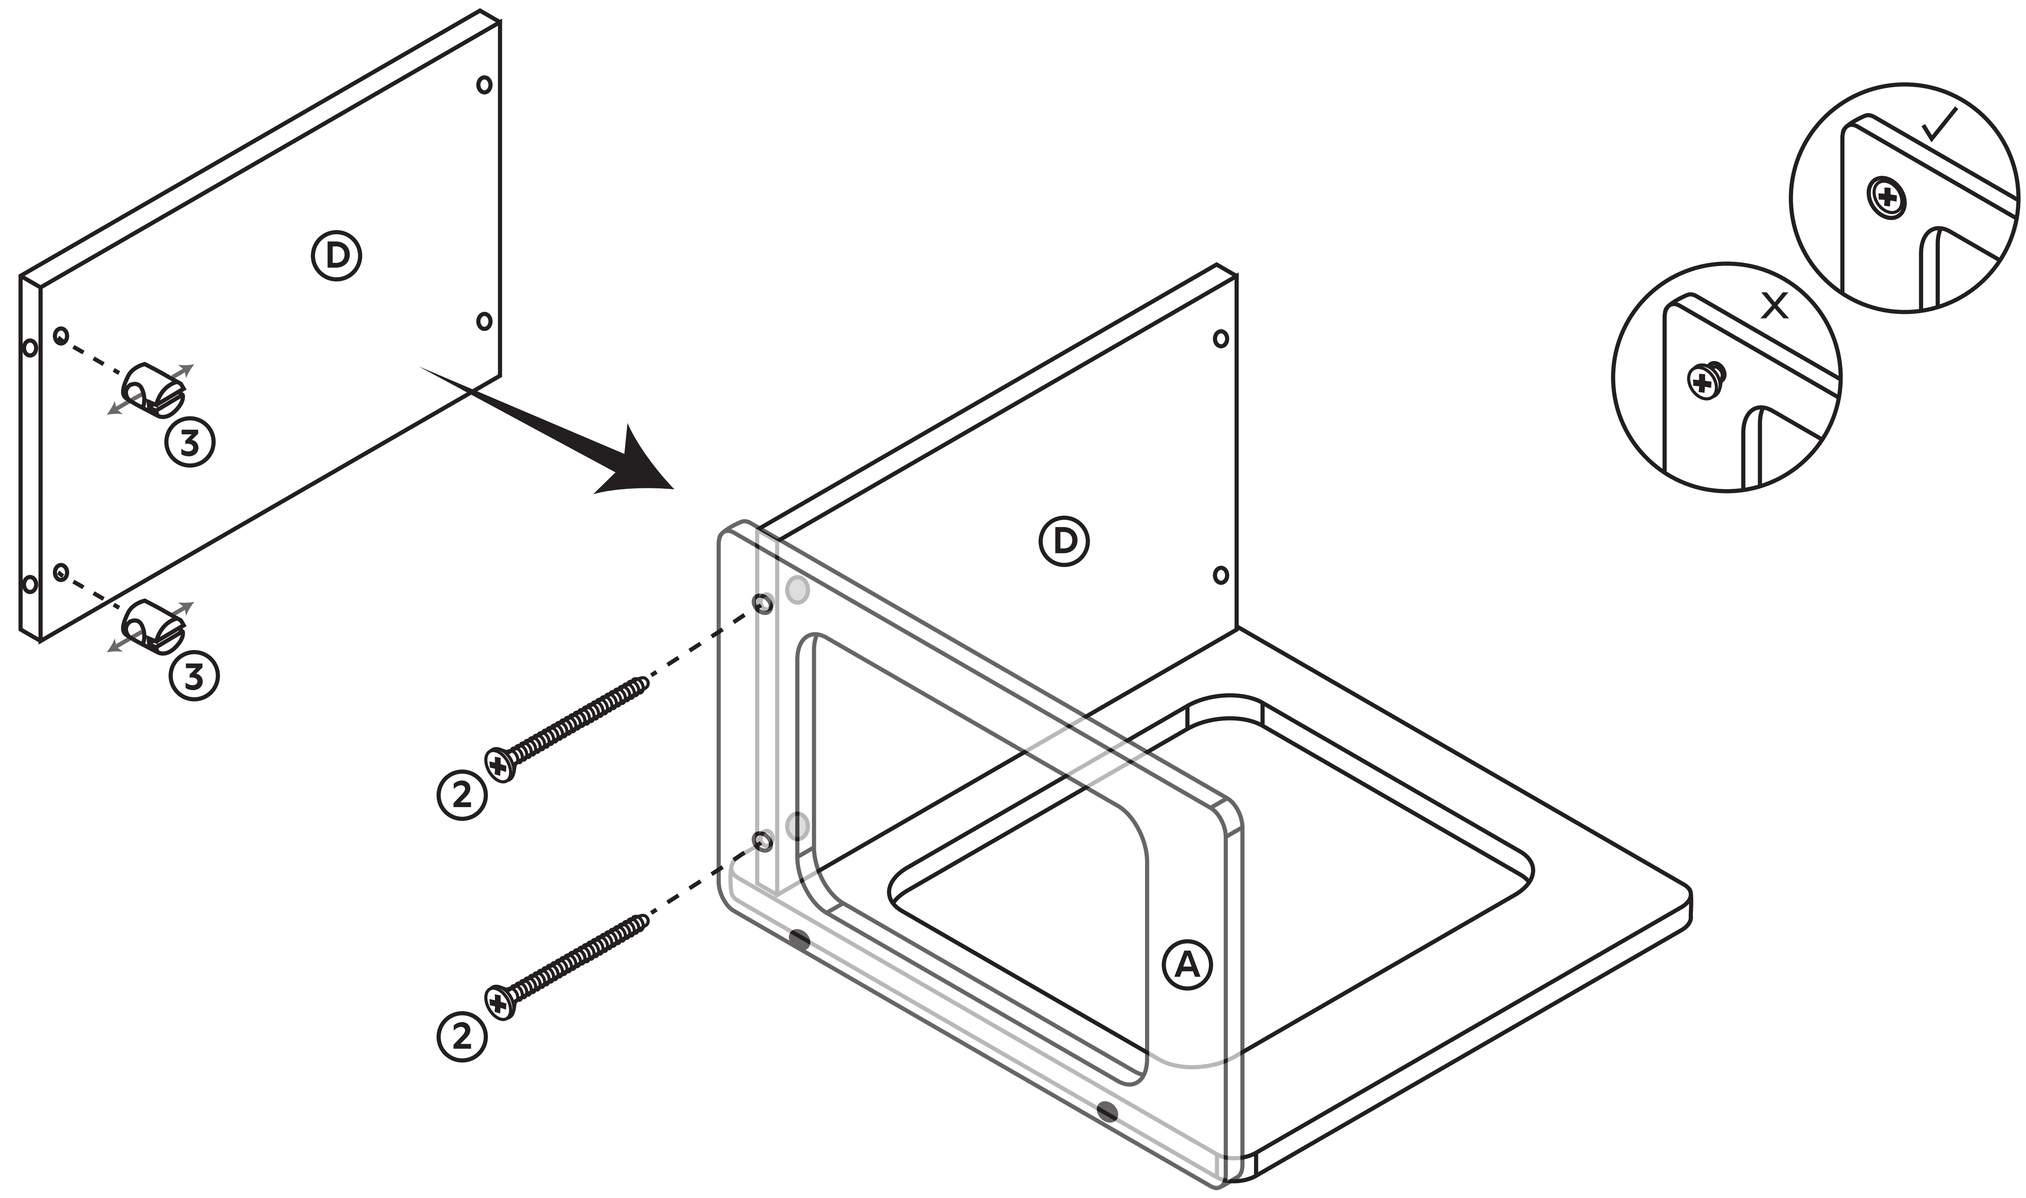

5) Grip Pad (x10)

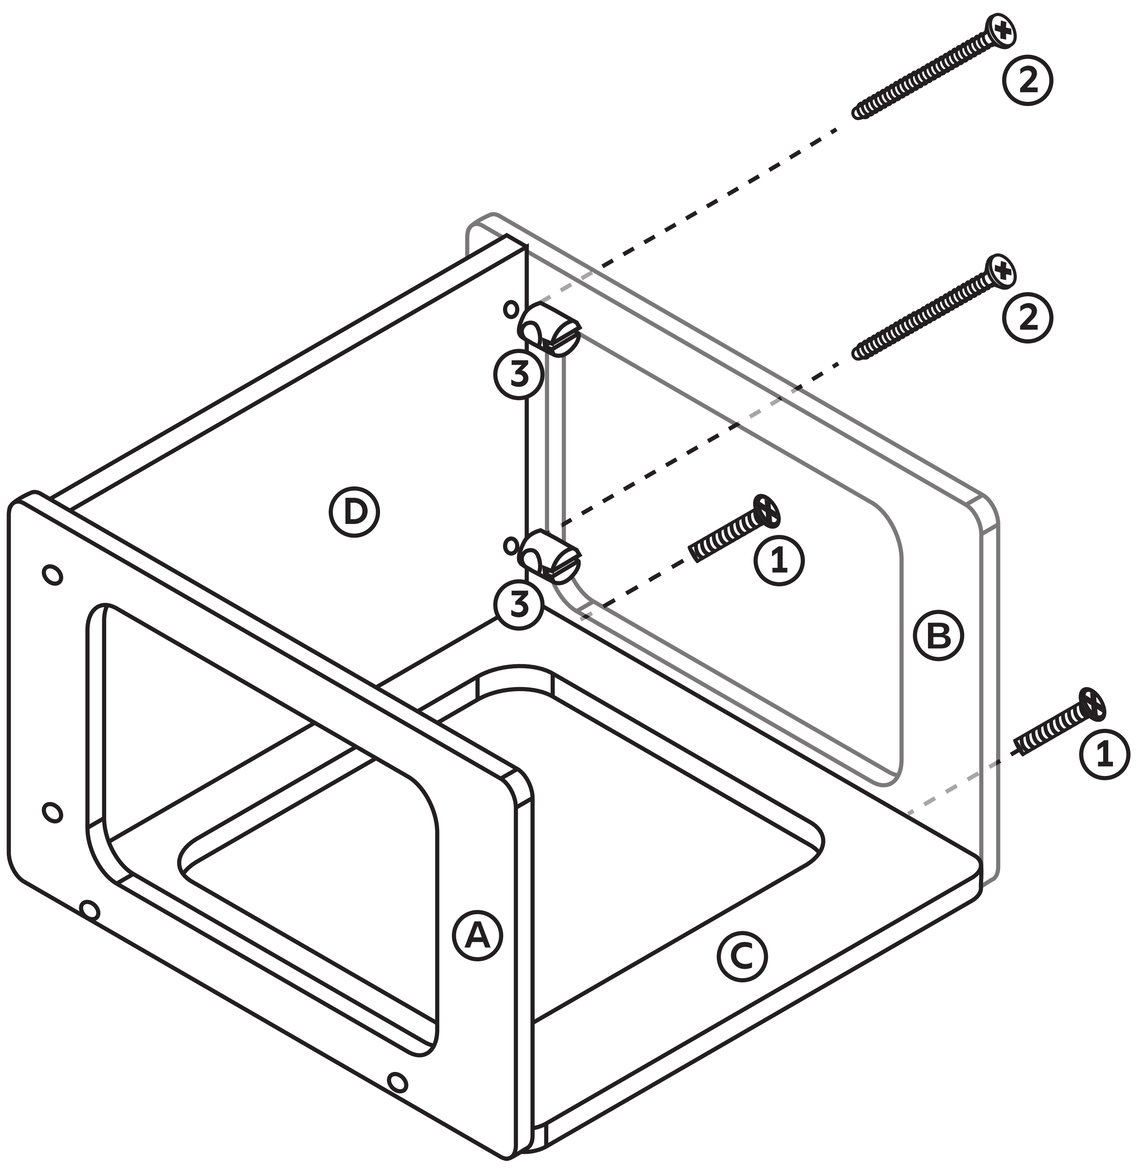

Step 1
Attach Table Side 1(A) to the Table Back(C) using Wood Screws(1). You know you are using the correct Table Side if the screw sits flush in the screw hole.

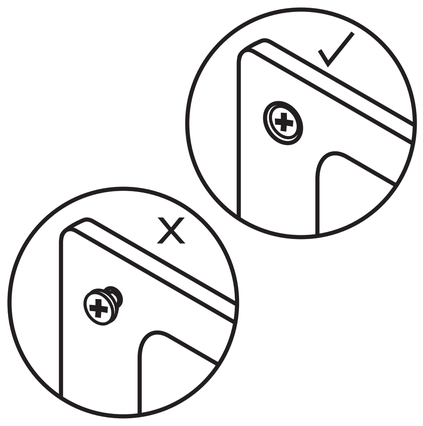

Step 2
Insert Dowel Nuts(3) into the underside of the Tabletop(D) so that the holes in the nuts run side-to-side. Then, attach the Tabletop(D) to Table Side 1(A) using Long Machine Screw(2).

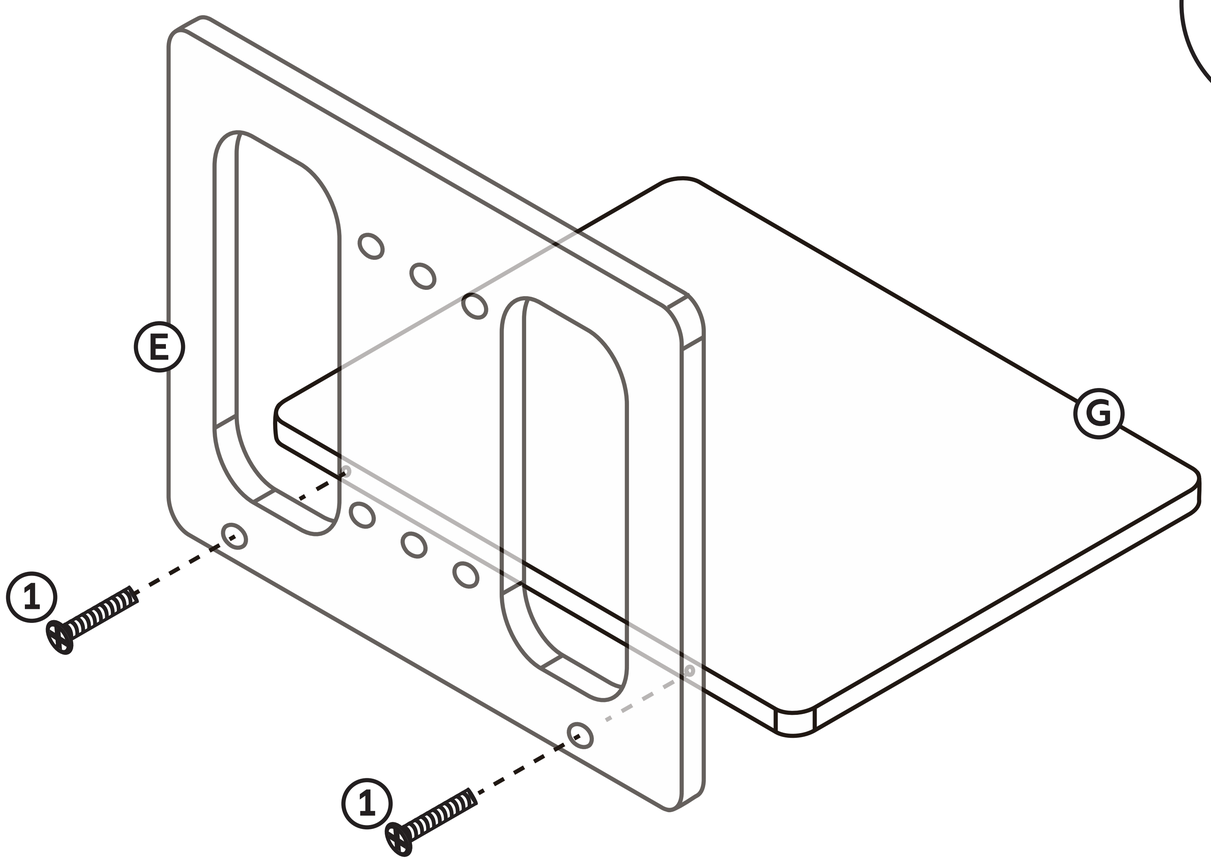

Step 3
Repeat Steps 1 & 2 for Table Side 2(B).

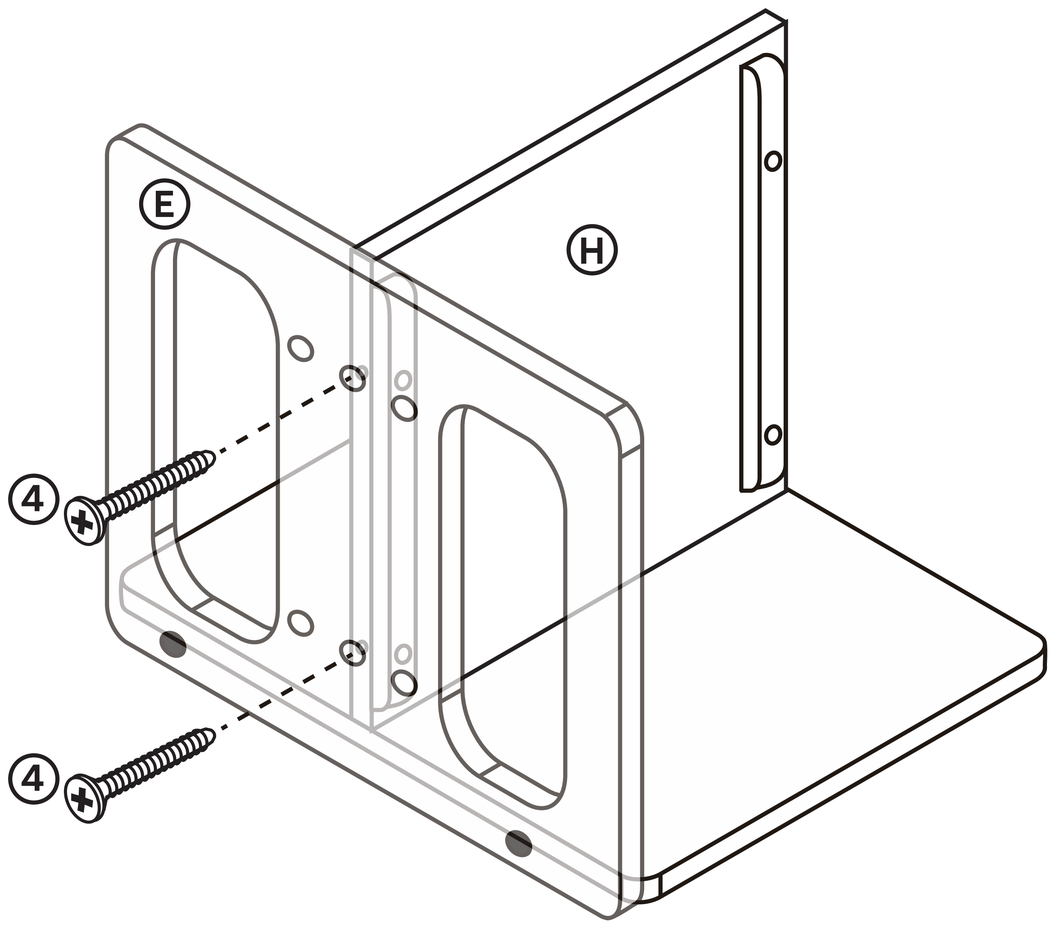

Step 4
Attach Chair Side 1(E) to Chair Back(G) using Wood Screws(1). Again, you know you are using the correct Chair Side if the screw sits flush in the screw hole.

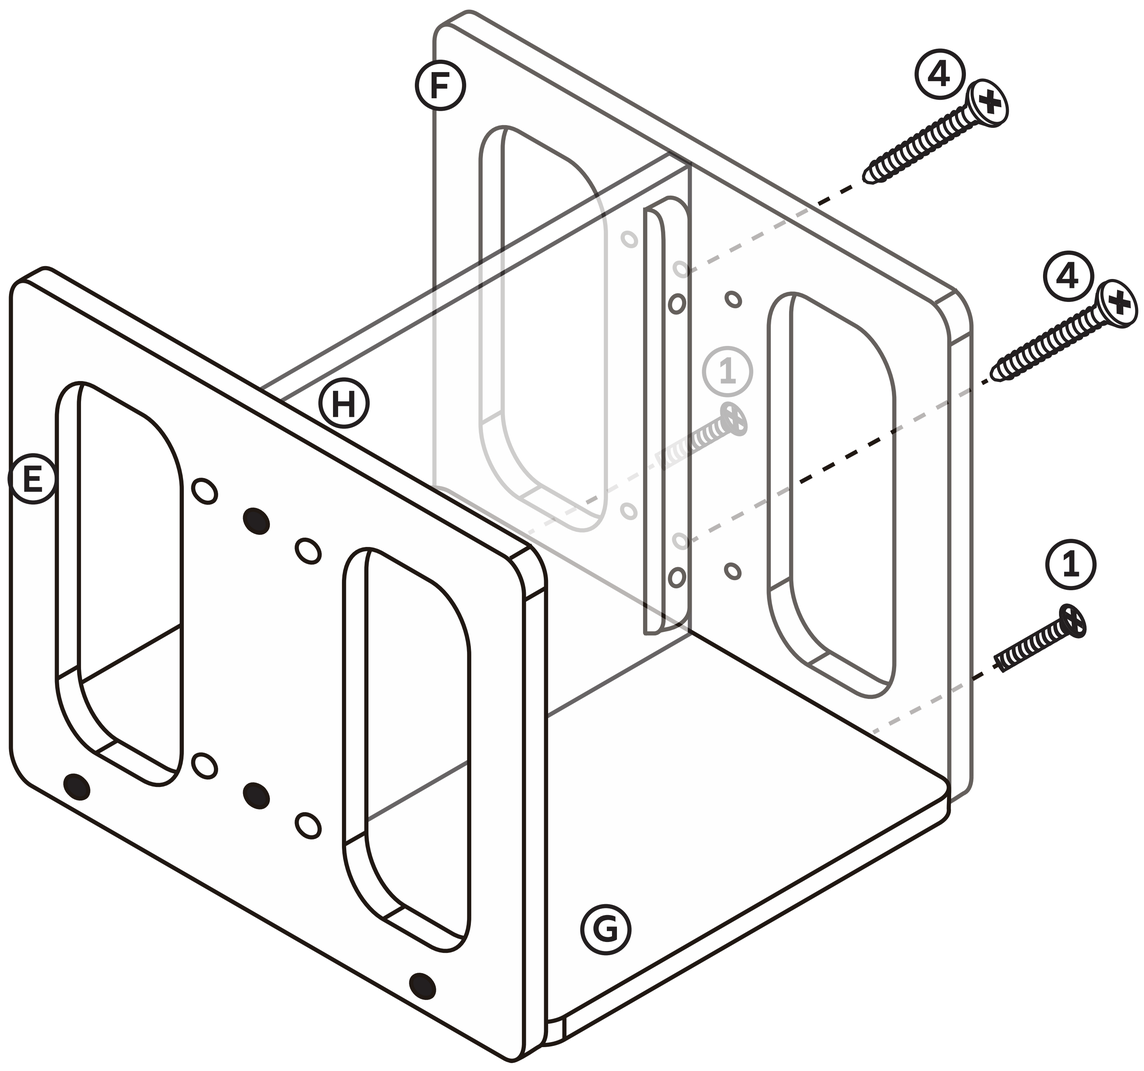

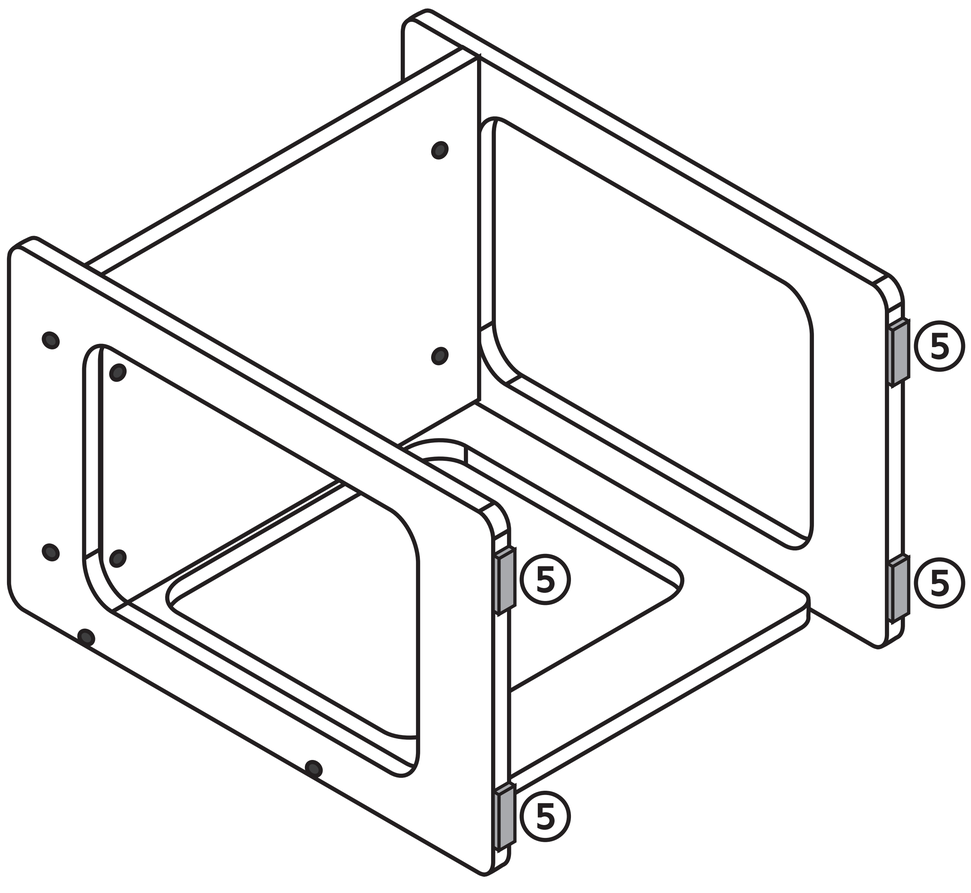

Step 5
Use Short Machine Screws(4) to attach the Chair Seat(H) to Chair Side 1(E). Choose any of the three height levels, depending on your child's specific needs.

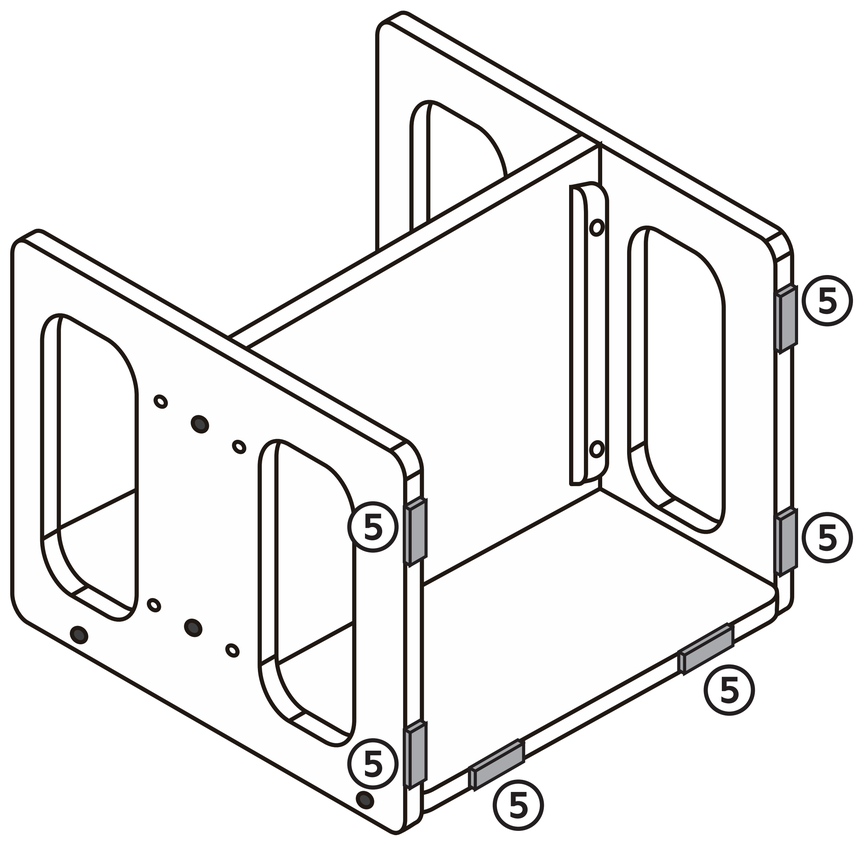

Step 6
Repeat Steps 4 & 5 for Chair Side 2(F)

Step 7
Add Grip Pads (5) to the bottom edges of the assembled table and chair.

Step 8
Flip the table and chair upright. Tuck the chair into the table for easy storage.
