Aspen Outdoor Wall Clock 625677

Classy Style to Elevate Your Outdoor Space: This handsome clock evokes a sense of time-honored beauty and class, and is destined to add immediate character and prestige to any setting. Suitable to use inside or as an outdoor wall clock, its warm, inviting shades of worn black and off-white reflect its antique design inspirations, while weather-friendly materials contribute to its endurance and versatility. Ideal to suspend on an outdoor wall overlooking a deck or patio, it serves as the perfect finishing touch for your living space.

Quality Materials Built for Endurance: High-quality materials make this clock appropriate for any environment. The glass cover and rubber seals prevent wet weather and other inclement conditions from causing damage, while the metal material with a worn black finish and gold rub contributes to its strength and luster. To protect its attractive appearance for a lifetime, hang it in an outdoor area that features a protective covering.

Evoke a Touch of Old-World Charm: This old world-inspired clock channels hints of the past. The dial's light background provides distinctive contrast for crisp black Roman numerals and black hour and minute hands. This practical piece also includes a thermometer and a hygrometer to measure humidity.

Quartz Movement: Quartz, battery-operated movement requires 1 AA battery (not included).

HOWARD MILLER: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
