

# ASSEMBLY INSTRUCTION

## Congratulations:

You purchased one of the best lighting product available in the market. In order to ensure safety and maximize the life time of the lamp, please make sure to read following precautions and instructions thoroughly before assembly your lamp.

## Assembly Instructions:

**Note:** The electrical wire is connected continuously through the poles.

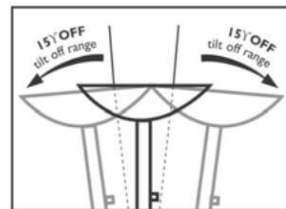

Please **DO NOT** pull wire during unpacking. Bad connections may result.

For easier installation, two people are recommended for the installation process.

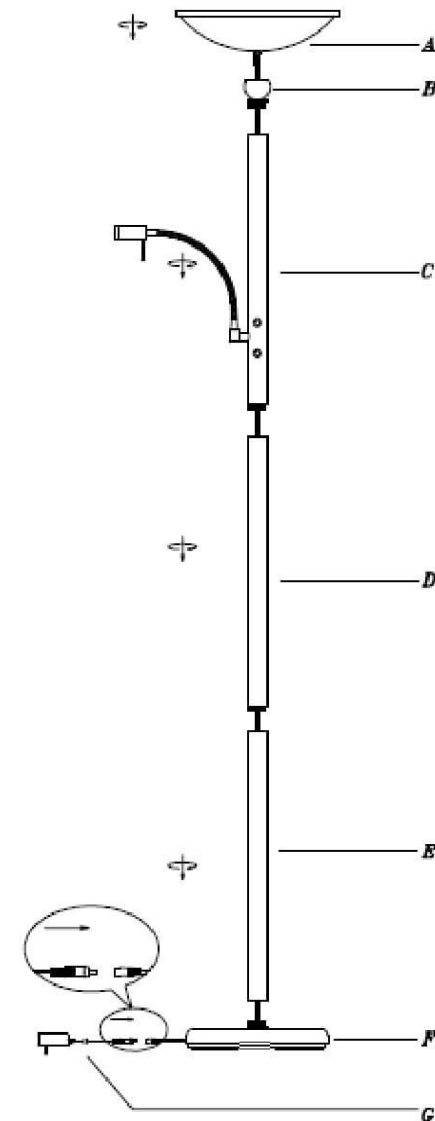

1. Carefully unpack all parts from packing and lay flat on the carpet.
2. Screw Steel Pipe (E) on to Base (F).
3. Screw Steel Pipe (D) on to Steel Pipe (E), then tighten and push down excess wire into Steel Pipe (E).
4. Screw Steel Ball Part (B) on to Metal Shade (A), then tighten and push down excess wire into Steel Pipe (C).
5. Put Metal Shade (A) with Steel Ball Part (B) on to Steel Pipe (C).
6. Screw Steel Pipe (C) on to Steel Pipe (D),
7. Connect the Female (F) and Male Connector (G), your lamp is ready to use.

## Resetting the Automatic Tilt-Off Switch:

1. Plug the lamp into an outlet to test whether the lamp is working properly.
2. If there is no light coming out when the switch is on, reset the Automatic Tilt -Off switch located at the bottom of the Base by pushing the switch inward and release it.
3. Set the lamp on the floor and turn it on again.

U.S. PATENT # 5,800,052

## WARNING:

Do not use polishes or cleaners on your lamp.

WIPE CLEAN WITH SOFT CLOTH.
