1.

CONNECT THREE TALL POSTS TOGETHER WITH TWO 4FT. BOARDS

Holding a Board in one hand with the notched ends facing up, line up the groove on a Tall Post and slide it down over one end of the Board. Slide another Post down over the other end. With the same Post, slide the second Board through the groove, finishing with another Post at the end to complete one 8ft. wall.

Repeat step one to complete a second wall.

2.

CONNECT THE TWO WALLS TOGETHER WITH THREE 16IN. BOARDS

Take a Board and slide down over the top of a Tall Post. Connect the same Board to an adjacent Post on the second wall. Do the same with two more Boards completing a 16in. x 8ft. rectangle or two connected 16in. x 4ft. squares.

3.

ADD A SECOND BOARD TO ALL WALLS & ATTACH DECORATIVE CAPS

Add Boards, one at a time, directly on top of each existing Board in the Frame. Push the Boards down evenly between the tops of the Tall Posts. If needed, tap snugly into place with a rubber mallet. Attach each Decorative Cap to a Tall Post with a screwdriver and one Screw. We recommend drilling a pilot hole first for each Screw.

TO STACK GARDEN BEDS FOR MORE HEIGHT:

- Assemble the first Garden Bed without Decorative Caps, or remove Caps from a completed Bed.
- The Corner Posts are designed to be taller than the Boards, so Beds can be stacked securely.
- Slide a Board from the second Garden Bed into tops of the Corner Posts from the first Bed, to extend one wall upwards.
- Slide Corner Posts from the second Bed down on both ends of the Board to lock in place.
- Continue assembling the second Bed, sliding Boards and Posts into place on top of the first to complete another rectangle.
- Attach Decorative Caps to the tops of each Corner Post.
