Thanks for choosing this hanging hammock chair! Please read this user manual carefully before use and keep it for future reference.

Description:

With this swing chair, you could simply allow your body to relax and let your mind to be at ease. The large size allows you to sit and stretch out in this hanging rope chair. The heavy duty ploy-cotton fabric ensures years of enjoyment. No strange odor and safe for children & pets while being resilient enough to guard against most abuses. The metal support bar is more durable than most other wooden support bars. Two extra cushions are large enough to support you well and make you feel like resting on the clouds. This is the best choice for patio, bedroom, backyard, and garden.

Warning/Caution:

- The maximum bearing of this swing chair is 450 lbs.
- Please DO NOT leave pets or infants alone on the swing chair.
- Please DO NOT stand up on the chair.
- You will extend the useful life by keeping out of the rain and direct sunlight when the chair is not in use.
- When installing components connected to ceiling, make sure the ceiling is strong enough and that safety goggles should be worn to prevent dust from entering the eyes.
- After finishing all the installation steps, please test the bearing capacity of the chair before use and make sure all the parts were well-installed and connected.
