

WARNING!

Be sure electrical power is OFF before and during installation or maintenance.
The luminaire must be installed by a qualified electrician, in accordance with all applicable local codes.

Ensure that the rated luminaire voltage requirements are compatible with the available mains supply in which it will be installed.
All LEDs are included in your lamp. Never touch the LED surface with your bare hands as this may reduce the life of your LED.
Do not alter, relocate or remove any electrical component.

ø8mm /
ø5/16"

Input voltage: 120 - 240V

Input frequency: 60Hz

Material: Natural Wood Vener and MDF.

Read carefully all the assembling instructions below and turn OFF energy power before starting the installation.

Remove the protective packaging, taking care not to cut or scratch the wooden pieces.

- ① Once the packaging has been removed, place the parts on a horizontal surface. If necessary, use the protective packaging to cushion the surfaces and protect the parts from scratches and damage. The movement and positioning of the table should be carried out by more than one person, depending on the size and weight of the model, to prevent possible falls or damage.
- ② Insert the tabletop through the lower opening onto the base. Then, rotate the tabletop until the internal square base fits into the recess of the structure. Ensure that the tabletop is properly fitted into the base.
- ③ With the tabletop in position, secure it to the base using the provided screws (P1). Locate the opening at the bottom between the tabletop and the base, then insert the screws into the available holes and tighten them as illustrated.

Your table is now ready for use!

USER MANUAL

ATTENTION!

FAILURE TO COMPLY WITH THESE INSTRUCTIONS MAY CAUSE ACCIDENTS AND LOSS OF PRODUCT WARRANTY.
It's recommended to read these instructions completely and carefully before proceeding.

PROVIDED SCREWS

P1

Turn on the electrical power.

The luminaire is ready for use.

SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE.
