INSTALLATION STEPS

*Please read all the steps carefully before installing them.

- ① Remove the back cushion and seat cushion from the sofa.
- ② Take out the largest sofa cover and find the label inside it.
- ③ Put the largest sofa cover on the main body of the sofa.
First adjust and fix one armrest, then pull the sofa cover to the other armrest, and adjust and fix the other armrest and other parts in the same way.

*The label should be located behind the sofa.

*The one with a drawstring is the back cushion cover.

- ④ Take out and install the seat cushion cover.

- ⑤ Take out and install the back cushion cover.

- ⑥ Put the seat cushion and back cushion with the covers installed back on the sofa.
- ⑦ Arrange to its best condition according to actual conditions.
