

Vivid™ Fabric

Colorful Design. Exceptional Durability. Everyday Comfort.

Vivid™ is a durable, versatile upholstery fabric designed to bring color and personality to any space while standing up to the demands of everyday use. Made from 100% polyester and tested to an impressive 120,000 double rubs, Vivid™ provides long-lasting durability for busy workspaces, commercial environments, and everyday settings.

Built for Everyday Use

With a 120,000 double-rub abrasion rating, Vivid™ is engineered to withstand frequent use and everyday wear. Whether used in an office, collaborative workspace, educational environment, or home, Vivid™ is designed to maintain its appearance through regular use.

100% Polyester Construction

Vivid™ is made from 100% polyester, a popular upholstery fiber valued for its durability and versatility. Polyester provides a practical upholstery solution that can withstand the demands of everyday environments while offering a comfortable fabric surface.

Designed to Bring Color to Your Space

This fabric provides an opportunity to introduce color and visual interest into your workspace. Its versatile design makes it well suited for creating an inviting, contemporary environment.

GREENGUARD Gold Certified

Vivid™ is GREENGUARD Gold certified, making it a suitable choice for environments where indoor air quality is an important consideration. The certification means the fabric has been evaluated for chemical emissions against stringent standards.
