

INSTALLATION INSTRUCTIONS

IMPORTANT SAFETY INSTRUCTIONS

MESURES DE SECURITE A RESPECTURE

Before assembling your fixture, please make sure that you carefully read through this instruction sheet. Save this instruction sheet and refer to it when additions to or changes in the fixture configuration are made.

Lisez attentivement ce manuel d'instructions. Enregistrer cette feuille d'instructions et de s'y référer lorsque les ajouts ou changements dans la configuration de montage sont faites.

CONSULT A QUALIFIED ELECTRICIAN TO ENSURE CORRECT BRANCH CIRCUIT CONDUCTOR.

CONSULTER UN ELECTRICIEN QUALIFIE POUR VOUS ASSURER QUE LES CONDUCTEURS DE LA DERIVATION SONT ADEQUATS

THIS PRODUCT MUST BE INSTALLED IN ACCORDANCE WITH THE APPLICABLE INSTALLATION CODE BY A PERSON FAMILIAR WITH THE CONSTRUCTION AND OPERATION OF THE PRODUCT AND THE HAZARDS INVOLVED.

CE PRODUIT DOIT ETRE INSTALLE SELON LE CODE D'INSTALLATION PERTINENT, PAR UNE PERSONNE QUI CONNAIT BIEN LE PRODUIT ET SON FONCTIONNEMENT AINSI QUE LES RISQUES INHERENTS

NOTE: The important safeguards and instructions that appear in this manual are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution and care, are factors that can't be built into any product. These factors must be supplied by the person(s) caring for and operating the fixture.

Read all instructions

Do not install this fixture in hazardous locations.

N'installez pas cet appareil dans des emplacements dangereux.

Do not install any fixture assembly closer than 6 inches from any curtain or similar combustible material.

Laisser une distance d'au moins 6 pouces entre ce luminaire et la toute surface combustible.

"WARNING Risk of Fire and Electric Shock."

"CAUTION: Risque d' Incendie et de Choc Electriques."

GENERAL INFORMATION

All electrical connections must be in accordance with all ordinances, Local and the U.S. National Electrical Codes (NEC). These fixtures are intended for mounting to a standard 4" metal octagon outlet box. The box must be directly supported by the building structure and U.L. Recognized.

APPLICATION

Wall Fixture

WHAT WE PROVIDE

- Mounting Hardware
- Crossbar Plate
- 1 x Frosted glass shade
- 1 x A19 E-26 LED Bulbs (20011LEDDMGLP)

WHAT YOU NEED

- Screwdriver
- Wire Cutters
- Wiring Supplies as Specified by Electrical Code
- 1 x 60W A19 E26 (20011MG)

STEP BY STEP INSTRUCTIONS

Before starting your installation disconnect the Power by turning off the

Circuit Breaker or by removing the fuse at the fuse box. Just turning the

light off at the light switch is not sufficient to prevent electrical shock.

1

MOUNT STRAIGHT BAR AND WIRE CONNECTIONS

If there is an existing fixture remove it. Expose the supply wire from the J-box. Mount the straight bar to the J-box with the supplied screws. Connect the black supply wire to the black fixture wire. Secure with the supplied wire nuts. Connect the white supply wire to the white fixture wire. Secure with the supplied wire nuts. Attach the green J-Box wire around green hexagonal head screw or connect it to the green supply grounding wire of the fixture.

Secure all wire with electrical tape (not supplied). Tuck all wires carefully into the J-Box.

2

MOUNT FIXTURE TO STRAIGHT BAR AND INSERT THE BULB

Position the fixture plate over the straight bar. Align the center hole of the plate and secure with the supplied screw knob. Insert the bulb.

DO NOT EXCEED THE MAXIMUM WATTAGE AS STATED ON THE WARNING LABEL.

3

SECURE THE GLASS SHADE AND METAL FRAME

Position the glass shade and metal frame over the fixture plate. Align the holes of the plate and secure with the supplied screws.

This fixture is wet location rated. In order to ensure that moisture does not enter the outlet box and cause a short circuit, clear caulking should be used to seal the space between the fixture mounting bracket and the wall. Ensure that a space is left at the bottom to allow for the escape of moisture. It is recommended that Outdoor Silicon Sealant is used for that purpose

4

RESTORE THE ELECTRICITY AND CHECK THE OPERATION OF YOUR NEW ACCESS LIGHTING FIXTURE

CAUTION

Please ensure that the fitting is cool and switched off before replacing the bulb. DO NOT use bulbs that might exceed the maximum wattage, stated on caution label.
