

**To Assemble Table:**

1. Place table top upside-down on flat, clean, non-marring surface.
2. Position metal base on table top so that holes in metal base align with holes in bridgeplate.
3. Use wrench (A) to attach metal base to bridgeplate with (6) of each: flat washers (B), lock washers (C), and bolts (D). Securely tighten hardware.
4. Return assembled table to its upright position and place in desired location.

**To Attach Leaf:**

1. Open table locks on underside of table, located between half-tops on each side.
2. Pull on one end of table to separate half-tops. Open table enough to insert leaf.
3. Place table leaf between half-tops so that pins on leaves align with holes on half-tops.
4. Push table on each end until fully closed.
5. Close table locks on underside of table between each leaf and half-top.
