

TALON™ HAMMOCK ORGANIZER SETUP

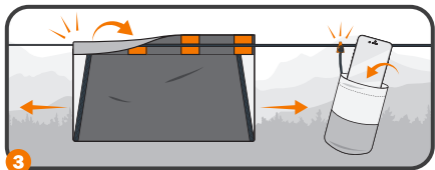

CAREFULLY FOLLOW THE INSTRUCTIONS AND USE ONLY UNDER SAFE CONDITIONS. THIS PRODUCT IS NOT TO BE USED AS A STRUCTURAL HAMMOCK RIDGELINE.

Loop the fixed end of the Talon ridgeline around the same stable anchor points your hammock is attached to just above your suspension system.

Repeat for the adjustable end of the ridgeline by hooking the cord tensioner to the sliding Prusik knot. Tighten the tensioner until the line is taut. Be careful not to overtighten the ridgeline.

Attach Talon to the ridgeline as shown. Once attached, freely slide the organizer along the ridgeline to desired position.

Hook the included stuff sack to the ridgeline for use as an extra pocket for essentials or a light diffuser for your headlamp.
