Product Description: From the fleur-di-lis fretwork back to the scalloped apron to the curvaceous cabriole legs and X-stretcher, the Castella Wood Back Arm Chair is adorned with classic design details that make it a work of art. A neutral-colored performance fabric upholstery provides for hours of lingering comfortably at the table, while the Antique State finish has a beautiful patina and a look of laid-back luxury.

Collection Features: Commanding attention in any space, the impressive scaling of the Castella Collection combines with classic design elements including scrolls, serpentine shapes, rope twist molding, acanthus leaf details and fleur-de-lis accents to create old world charm. Infused with emotion, the collection's exuberant scale and timeless motifs define its casually opulent style. Presented in an updated mid-tone brown finish with a beautiful patina, Castella offers Classic European design with an updated twist.

Status: New

Finish: Antique Slate: a mid-tone brown finish with a beautiful patina. Distressing includes sandblasting, drawknife, wormholes and stone.

Features: Performance fabric

Upholstered seat

Welt trim

Carved wood back

Tack in floor glide

Material: Wood, Resin and Fabric

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Fabric 1: Natural Tan (Performance); 100% Polyester; Cleaning Code: SW (Clean with water-based cleaning agent)
