D

# Installation steps

## 20. Door adjustment sketch map

## 21. Install the part G on the door.

# Installation steps

I

- Remove the fixed screws in the side panel.
- Lift the glass frame 1-2 cm vertically. Then the entire glass frame can be removed from the front.
- Take the glass frame 10-20 cm away from the appliance, pull out the data cable connector with the help of others or put the glass panel down on the ground before complete separation.

Press this button  
and pull out the  
data cable  
connector

II

- Needs Two people to place the fireplace into the TV stand, and fix it with screws according to the hole position of the fireplace.

# Installation steps

## III

-Carefully place crystal (together with the appliance) or other decoration into the bottom tray on the front of the appliance.

NOTE: Media bed kits may have sharp edges, need to wear goggles and gloves when handling.

-Connect the data cable connector before hanging the glass frame on the appliance.

-Gently push on the glass panel by aligning the 4 hooks until it snaps into position (sinks down 1-2 cm)

## IV

- Put the M4 X 12 screws into the holes on the glass panel.

# Installation steps

V.

Connect the lamp strip to the fireplace by threading it through holes ⑤ and ⑥.
