## assembly instructions

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

- ⓘ While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

step 1:

Start by turning the tabletop (A) upside down on a flat surface. Secure the lift-top mechanism by holding it firmly while flipping to ensure safety & mechanism's proper alignment. Align one of the table legs (B) with the given slots on tabletop (A).

step 2:

Now, attach the table leg (B) by rotating clockwise. Use the image below as reference.

step 3:

Repeat step 2 with the remaining legs. When done, hold the lift-top mechanism firmly & safely proceed to flip the table upright.

step 4:

If required, adjust the levellers according to the floor as shown in the image.
