

# Ovente BPA-Free Cordless Electric Kettle with Auto Shut-Off, Double-Walled Stainless Steel, 1100W, 1.7L (KD64 Series)

## Key Features

**DOUBLE-WALL STAINLESS STEEL INTERIOR** – Layered with two sheets of stainless steel so it locks in temperature for a longer period while keeping the kettle’s exterior comfortable to touch.

**DUAL PURPOSE** – This kettle is not only for boiling but it can also be used as a pitcher for your cold beverages. It can also be used for other drinks such as juices and many more.

**ENERGY EFFICIENT** – Powered by 1100-Watts (120V), it can boil up to 1.7 liters of water in just minutes, helping save more electricity compared to using traditional stovetop kettles.

**AUTO-SHUT OFF & BOIL-DRY PROTECTION:** Designed to prevent mishaps with an auto-shut off function which activates when it reaches boiling point or when there is no water in the pot. It also has a power on indicator light so you can check if the kettle is ON at one glance.

**BPA-FREE** – Made from food-grade, non-toxic, and plastic-free materials.

## Additional Info

SKU	KD64 Series
Cases / Pallet	32

Hence, you won't be bothered by harmful BPA particles and lime scale deposit buildup.

CORDLESS -- The kettle can be lifted from the base for convenient serving; the cord can be retracted from the base for easier storage.

LIMITED 2-YEAR WARRANTY – All Ovente kettles have a two- (2) year warranty period from the date of purchase from an authorized retailer. This warranty only covers defects in workmanship and materials. Please note that you have to provide proof of purchase to request for repair or replacement.
