Place the top tray (A) upside down on a soft surface. Align the tabs on the right side frame (D) to the tabs on the top tray (A). Place the Flat washer (HW5) and Spring washer (HW6) on the bolt (HW4) in the order shown. Use the Allen key (HW7) to screw in the bolts with the washers as shown to attach the right side frame (D). Repeat this step to attach the left side frame (C) to the top tray (A).

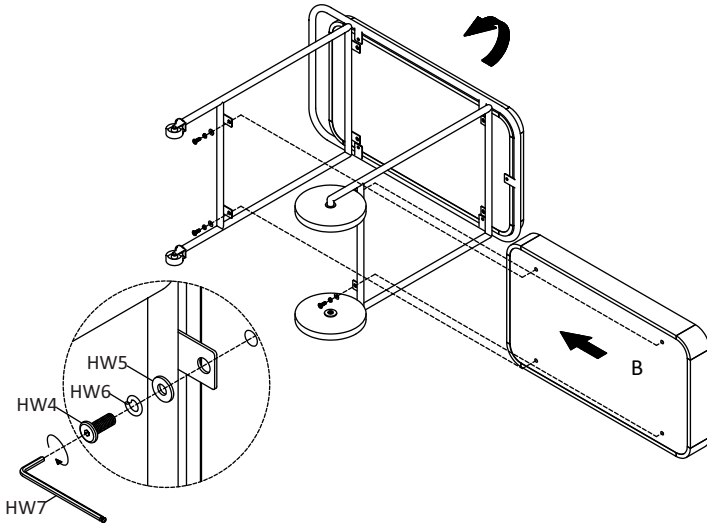

2

To attach the wheels (E) to the right side frame (D) align the screw holes on the bottom of the right side frame (D) to the holes in the Flat washers (HW2), the wheels (E), and the thumbscrews (HW1) as shown. Place the bolt (HW3) into the holes. Use the Allen key (HW7) to screw in the bolts (HW3).

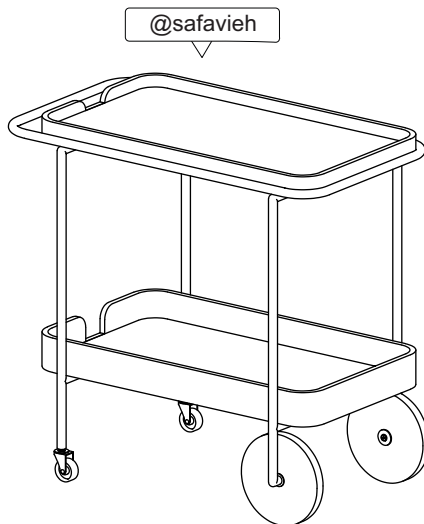

3

Tip the bar cart onto its side. Slide the bottom tray (B) in between the legs as shown and align the tabs on the frame to the holes on the bottom tray (B). The indent on the bottom tray (B) should be on the side with the handle. Place the Spring washers (HW6) and Flat washers (HW5) on the bolts (HW4) as shown. Insert the bolts into the holes and use the Allen key (HW7) to screw in the bolts.
