JEEP DOOR AND ROOF STORAGE TOOLS

MODEL: D45T1

We continue to be committed to provide you tools with competitive price. "Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually Saving Half in comparison with the top major brands.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY PRECAUTIONS

- During installation and use, be sure to wear protective gloves to prevent hand injuries.
- When using a box cutter or other sharp tools to remove packaging, be extremely careful to avoid cutting yourself and those around you.
- Ensure that the vehicle is in a stable parked state during installation. Pull up the handbrake and use wheel chocks if necessary to prevent the vehicle from sliding.
- When tightening nuts and washers, pay attention to the appropriate force to avoid damaging parts or stripping threads due to excessive force.

PRODUCT DESCRIPTION

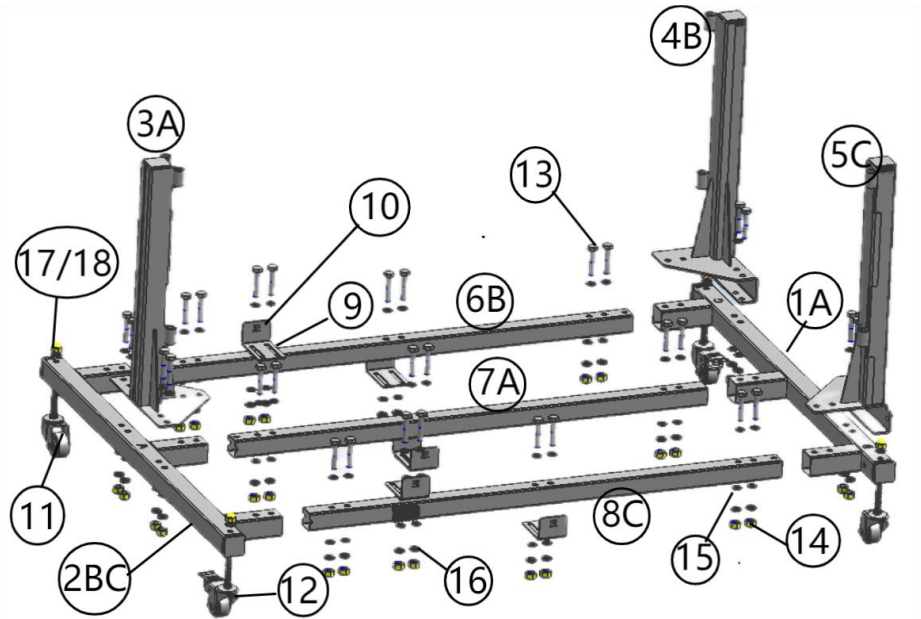

This product is specifically designed for 07 - 17 Jeep Wrangler and Unlimited JK, used for carrying and storing doors and roofs. The main bracket and side brackets cooperate to form a stable support structure that can firmly hold the doors and roofs. The black foam and EVA foam effectively cushion and prevent scratches and damage to vehicle parts during carrying and storage. The combination of wheels with brakes and without brakes facilitates flexible movement and precise positioning in different sites. The cap nuts and lock washers ensure the stability of the overall structure, providing Jeep owners with a convenient, safe and efficient solution for vehicle modification, repair, long-term part storage and other scenarios.

**Compatible vehicle models: Wrangler from 2007 to 2024、 JK、 JKU、 JL 、
Gladiator**

INSTALLATION INSTRUCTIONS

Please follow the installation steps carefully

Step 1:

Prepare 1A and 2BC.

Install 2BC onto 1A and tighten with screws 13, 15, 16 and 14.

Step 2:

Prepare 2BC and 3A.

Install 3A onto 2BC and tighten with screws 13, 15, 16 and 14.

Step 3:

Prepare 6B, 7A and 8C.

Install 6B, 7A and 8C onto 1A and 2BC respectively according to the picture, and

tighten with screws 13, 15, 16 and 14.

Step 4:

Prepare 11 and 12.

Install 11 and 12 onto 1A and 2BC respectively according to the diagram, and tighten with screws 17 and 18.

Step 5:

Glue 10 onto the inner side of 9.

After gluing, install the whole onto 6B, 7A and 8C according to the diagram, and tighten with screws 13, 15, 16 and 14.

After installation, please check if all parts are installed firmly and if the overall structure is stable.

PRODUCT MAINTENANCE INSTRUCTIONS

- Regularly check whether the connections of each part are loose. If loose, tighten them in time with appropriate tools.
- Gently wipe the surface of the product with a damp cloth to remove dust and stains and keep the appearance clean.
- Avoid using corrosive cleaners to prevent damage to the material of the product.
- When not in use for a long time, store it in a dry and ventilated environment to prevent parts from rusting, aging or deforming.
