

Dining Side Chair 24923

Impart seating to your living room or dining room with this Hekman Furniture Bedford Park side chair. This armless chair has mango wood construction and linen upholstery for a refined style.

Solid Wood Frame: The mango wood frame of this side chair is made with select solids for enduring quality. Mango wood is a popular choice for furniture because it's dense, water-resistant, and richly grained.

Elegant Gray Finish: The Bedford Gray finish is applied in layers for a multifaceted look. Black, white, and gray are sandblasted onto the wood, which accents the grain and gives it a rustic appearance. A five-sheen lacquer is then applied for extra protection and a gleaming shine.

Linen Upholstery: This gray mango wood side chair has heavyweight linen upholstery for a timeless look. One reason to love linen is its durability; another is the upscale sophistication it adds to any space.

Versatile Placement Options: Use this side chair as a dining chair. It matches any gray Bedford Park table for a coordinated look. You can also place it next to a side table to create a stylish spot for reading or enjoying a coffee break.

Hekman Furniture: For over 90 years Hekman Furniture has been a leader in fine wood and upholstered home furnishing for the Living Room, Bedroom, Dining Room, and Home Office that create beautiful and comfortable living spaces in the home.
