TIPS

1. When installing the product, use a soft surface (such as carpet or cardboard) to avoid scratching or damaging the surface of the product.
2. Please try to use a manual screwdriver instead of electric screw driver. A manual screwdriver can be used to better control the tightness of the screws.
3. Do not use any glue.
4. The product is unstable before it is assembled. Please pay attention to the product installation sequence, and align all screws and screw holes before tightening.
5. The structure of this product can not meet the requirements of children climbing.

Attention: Align the slide runners on the drawer with the unit and push it carefully inside until it stops.

If the drawer does not go in smoothly please take it out and repeat the step.

Tear off the paper on the back of P3 and stick P3 on the bottom of the top plate in a suitable position.

The position where P3 is stuck determines the position of the LED light, please choose the position you think is suitable to stick it, if you don't want to install the LED light, you can skip steps 27 & 28.
