

STARRY NIGHT LED LIGHTED CANVAS

OPERATION AND BATTERY INSTALLATION:

1. Open battery compartment cover behind the canvas and install 2 "AA" size batteries (not included).
2. Switch is located on the side of the canvas. Turn ON/OFF switch to activate/ deactivate LED lights.

AUTOMATIC TIMER FUNCTION

The timer will automatically start when switched up to "ON" position. It will turn off automatically after 6 hours. It will restart 18 hours later if switch is kept on. Both the timer and lights turn off when you push switch down to "OFF".

BATTERY CAUTION:

- Removal and replacement of batteries should be carried out by an adult or under adult supervision
- Do not attempt to recharge non-rechargeable batteries
- Remove exhausted batteries from product.
- Remove batteries from product if storing for long periods.
- Only use batteries of the same or equivalent type to those recommended
- Do not mix old (used) and new batteries or batteries of different types, e.g. rechargeable and alkaline

Warning:

Do not dispose battery in fire or trash. Contact your town or city's recycling center to find out how to properly dispose of batteries.

WALL MOUNTING

1. Put a screw (not included) on the wall where you want the product mounted.
2. Slide the notch located on the back of the canvas through the screw head and slide to the right to lock it in place.

FOR INDOOR USE ONLY: Do not use nor store in extreme temperatures which may cause the frame to expand and contract causing ripples in the canvas.
