HANDLEIDING

Stap 1:
Pak de kroonluchter uit en verwijder deze en bevestig vervolgens elke lichtarm stevig aan de beugel met een moer zoals afgebeeld.

Stap 3:
Zoals weergegeven in de afbeelding. Gebruik de schroeven uit de accessoireset om het schot aan het plafond van de kamer te bevestigen.

Stap 4:
Sluit vervolgens de ingangsaansluiting van het optische station aan op het netsnoer van het huis, zoals weergegeven in de afbeelding.

Stap 5:
Til de lamphouder op, draai hem in een kleine hoek en laat de schroeven in de hoek van het gat van de lamphouder steken, zoals afgebeeld. Gebruik ten slotte schroeven om de lamphouder op de ophangplaat te bevestigen.

DE

BEDIENUNGSANLEITUNG

Schritt 1:
Öffnen Sie die Verpackung und nehmen Sie die Deckenleuchte heraus. Befestigen Sie dann jeden Lampenarm mit den Muttern fest in der Halterung, wie in der Abbildung gezeigt.

Schritt 3:
Wie auf dem Bild zu sehen. Befestigen Sie die Aufhängeplatte an der Decke Ihres Zimmers mit der Schraube aus dem Zubehöropaket.

Schritt 4:
Verbinden Sie dann den Eingangsanschluss des Lampentreibers mit dem Haushaltsstromnetz, wie in der Abbildung gezeigt.

Schritt 5:
Heben Sie den Lampensockel an und drehen Sie ihn um einen kleinen Winkel, um die Schraube in die Lochcke des Sockels zu lassen, wie auf dem Bild gezeigt. Befestigen Sie abschließend den Lampenfuß mit einer Schraube auf der Aufhängeplatte.

EN

OPERATING INSTRUCTIONS

Step 1:
Unpack and remove the chandelier. Then securely fasten each light arm into the bracket with a nut as shown.

Step 3:
As shown in the diagram. Attach the pegboard to the ceiling of the room using the screws in the accessory kit.

Step 4:
Then connect the input terminals of the light driver to the household power line as shown.

Step 5:
Lift the lamp base up and Rotate a small angle to let the screw into the hole corner of the base as shown in the picture. Finally fix the lamp base on the hanging plate with screw.

FR

Instructions d'utilisation

Étape 1 :
Déballer et retirez le lustre. Fixez ensuite solidement chaque bras d'éclairage dans le support à l'aide d'un écrou comme indiqué.

Étape 3 :
Comme le montre le schéma. Fixez le panneau perforé au plafond de la pièce à l'aide des vis du kit d'accessoires.

Étape 4 :
Connectez ensuite les bornes d'entrée du variateur au cordon d'alimentation domestique, comme indiqué.

Étape 5 :
Soulevez la base de la lampe et tournez-la à un petit angle pour permettre aux vis d'entrer dans les coins des trous de la base, comme indiqué. Enfin, fixez la base de la lampe au tableau à l'aide des vis.

IT

Istruzioni per l'operazione

Passaggio 1:
disimballare e rimuovere il lampadario, quindi fissare saldamente ciascun braccio della luce alla staffa con un dado come mostrato.

Passaggio 3:
come mostrato nell'immagine. Utilizzare le viti del kit di accessori per fissare il deflettore al soffitto della stanza.

Passaggio 4:
quindi collegare il terminale di ingresso dell'unità ottica al cavo di alimentazione domestico come mostrato nell'immagine.

Passaggio 5:
sollevare il lamp portalampada, ruotarlo di un piccolo angolo e lasciare che le viti si inseriscano nell'angolo del foro del lamp portalampada, come mostrato. Infine, utilizzare le viti per fissare il portalampada sulla piastra di sospensione.

ES

Instrucciones de operación

Paso 1:
Desempaque y retire el candelabro, luego asegure firmemente cada brazo de luz al soporte con una tuerca como se muestra.

Paso 3:
Como se muestra en la imagen. Utilice los tornillos del kit de accesorios para fijar el deflector al techo de la habitación.

Paso 4:
Luego conecte el terminal de entrada de la unidad óptica al cable de alimentación doméstico como se muestra en la imagen.

Paso 5:
Levante el portalámparas, gírelo en un ángulo pequeño y deje que los tornillos se inserten en la esquina del orificio del portalámparas, como se muestra. Finalmente, use tornillos para fijar el portalámparas en la placa para colgar.
