

MODULAR COUCHES

MIDDLE SEAT INSTRUCTION MANUAL

ULTIMATE COZY COMFORT

TIPS & PREP

Your new couch comes with an easy tool assembly that you can do at home using the provided instructions. But before we dive in, here are some key tips and prep steps to make the assembly process as smooth as possible.

Get a buddy or family member

Even though the assembly is completely tool-free, it involves lifting and aligning various parts. To make assembly easier, we suggest having at least two people there throughout the process.

Left or right matters!

Throughout assembly, we'll mention the Left and Right Arm Panels and movements to the left and right. We'll be using 'left' and 'right' based on the perspective of standing in front of your couch.

Don't overlook the glossary!

We've included a glossary with these instructions to help you identify every part and piece of hardware. If you run into any issues, consult the glossary to ensure you're using the right components.

Unbox and check your hardware

The hardware pack for your couch is in the seat base. Open it up, lay out each piece, and double-check with the checklist to make sure you have everything you need. If anything's missing, reach out to customer service before moving forward.

Have your scissors handy!

Make sure you have scissors nearby. The cushions and seat pads are in compression bags. Carefully open them to prevent any damage or injury while unpacking.

Clear the space!

We recommend putting your couch together in a roomy, clutter-free area, away from pets and little ones. Lay down a sheet to keep the couch components clean and free of debris during assembly.

PRODUCT LIST

This is the parts list for a single modular sofa middle - seat module. First, confirm your module quantity.
Special note: for a 3 - seater sofa purchase, you'll get three middle - seat module packages with three sets of accessories. Count accessories carefully based on the actual middle - seat module quantity ordered.
If you receive an armrest module package, install per the enclosed manual. For any questions, contact us promptly.

MS (single middle seat)

A
Seat Base Metal Frame × 1

B
Seat Cushion and Backrest × 1

C
Backrest Metal Support Frame × 1

D
Seat Base Foam Insert × 1

E
Headrest Pillow × 1

F
Metal Connector × 2

G
Screws × 4

H
Screw washer × 4

I
Allen wrench × 1

COUCH ASSEMBLY INSTRUCTIONS

This details the modular couch middle seat installation. Accessories and steps are for this middle seat only, not for other modules.
Verify your purchased module type. For other modules, refer to their instruction manuals.
If you have purchased the armrest module, after receiving the armrest accessories kit, please install according to the instruction manual included in the package.

NOTICE:

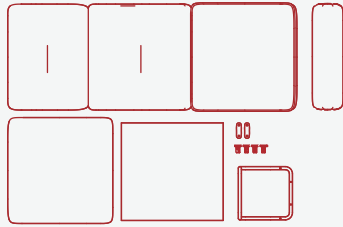

Don't worry. It may take at least 72 hours for all compressed foam to fully regain its shape after decompression.

CARE:

The couch covers are removable and washable.
It is recommended to use a fabric cleaner specifically designed for furniture.
Avoid washing at high temperatures.
After cleaning, it is advisable to iron the fabric before use.

STEPS

1

Open the three boxes and remove all accessories. Please check the quantities carefully, and contact us promptly if there are any issues.

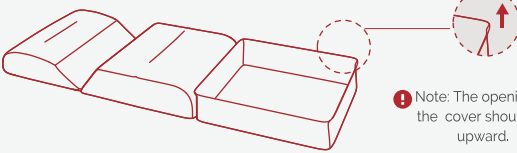

2

B
Seat Cushion and Backrest × 2

Take out the seat cushion and backrest (B).

Lay it flat on the ground as per the picture's direction.

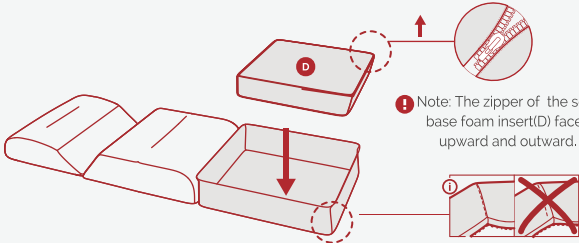

! Note: The opening of the cover should be upward.

D
Seat Base Foam Insert × 2

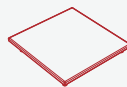

Take out the seat base foam insert (D).

Put the seat base foam insert (D) into the seat cushion and backrest (B) as shown in the picture.

! Note: The zipper of the seat base foam insert (D) faces upward and outward.

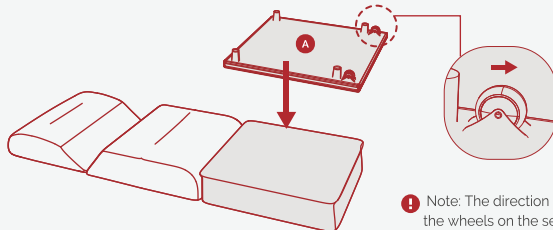

3

A
Seat Base Metal Frame × 2

Take out the seat base metal frame (A).

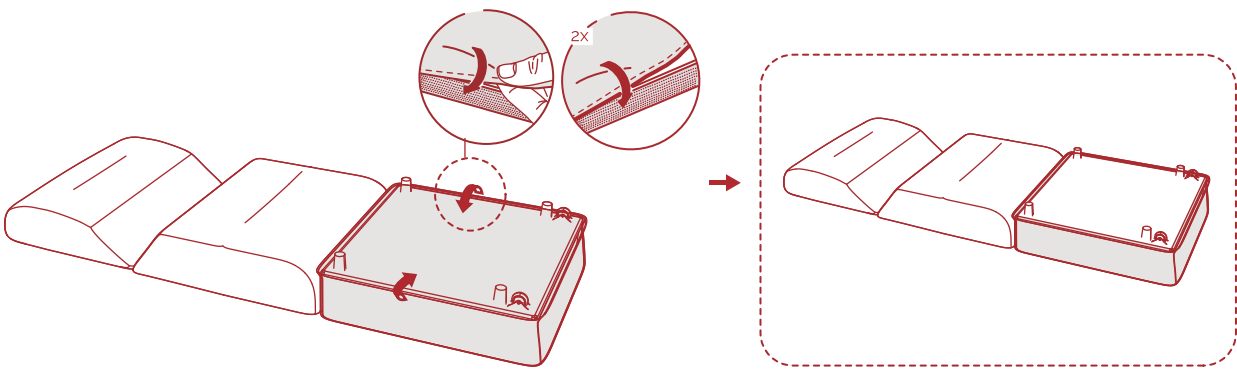

Turn over the seat base metal frame (A) and place it on the top of the seat base foam insert (D).

! Note: The direction of the wheels on the seat base metal frame (A) should face outward.

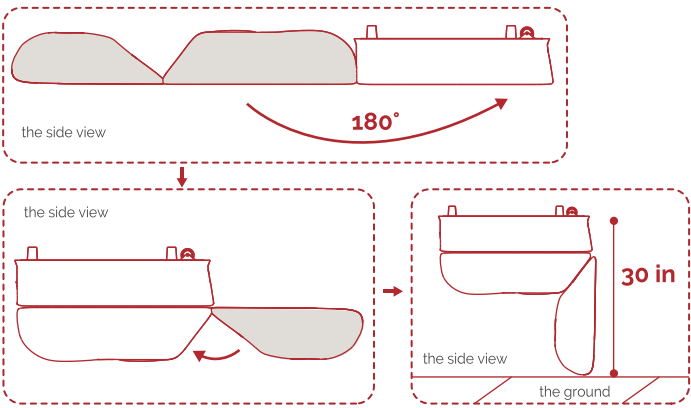

4

Attach the edge of the seat cushion and backrest (B) to the seat base metal frame(A) with Hook-and-loop fastener.

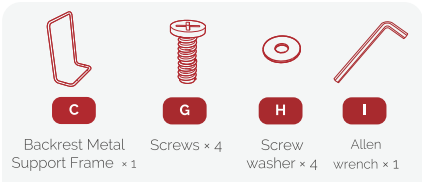

5

Flip the seat cushion as shown in the figure.

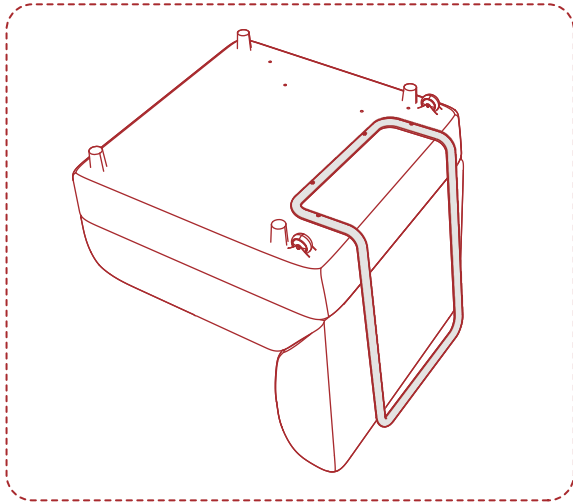

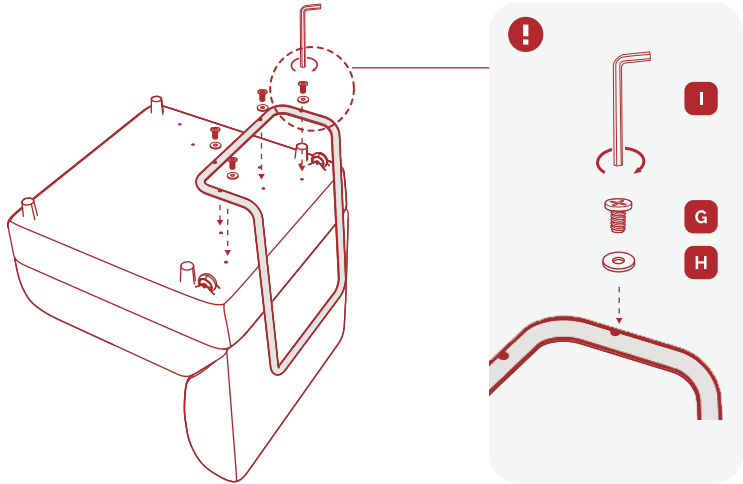

6

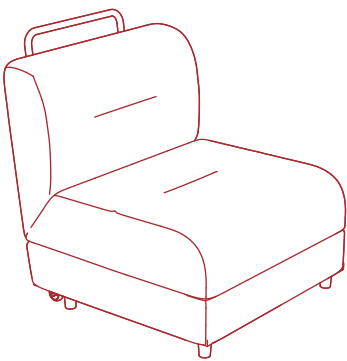

Take out the backrest metal support frame (C), screws (G), screw washer (H) and allen wrench (I).

As shown in the picture, place backrest metal support frame (C) at the corresponding positions and fix them to the seat bases with screws.

7

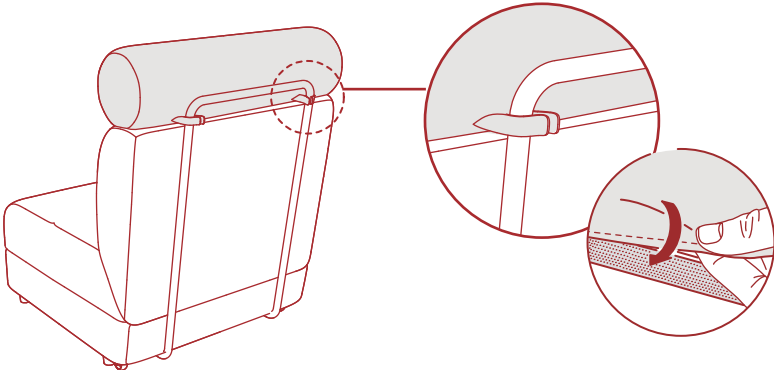

Flip the couch to its front side.

8

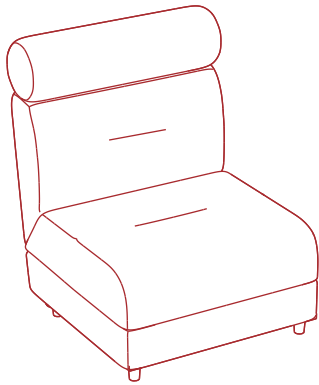

Take out the headrest pillow (E) and secure it to the backrest metal support frame (C) using Hook-and-loop fastener on the headrest.

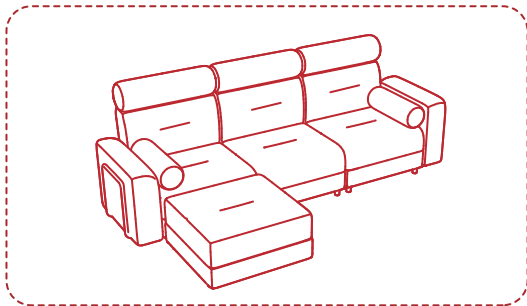

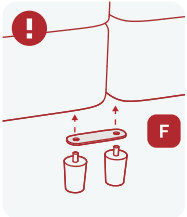

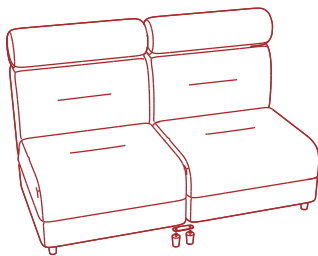

9

Complete the installation.

10

When assembling two or more couches, use metal connectors (F) to firmly fasten the legs of the modules, preventing displacement between them.
