76.4" GALVANIZED STEEL WALL AND FLOOR-MOUNTED MODULAR PIPE WARDROBE KIT

EASY INSTALLATION: —

RECOMMENDED TOOLS FOR INSTALLATION

STEP 1 Start with the longest nipples (36")

STEP 2

STEP 4

- Place flange against wall in desired location and mark holes with pencil
- Using stud finder, locate and mark wall stud if found
- **If a wall stud is present**, attach flange to wall with included screws
- **If no wall stud is present:**
 - Drill pilot holes in wall using 1/4" drill bit
 - Insert anchor fully into pilot hole using hammer and Phillips screwdriver as needed
- Attach flange to wall using included screws
