Base Type: G9

Light Source Included: NO

Voltage: 120VAC

Wattage: 25W

## Package includes

1 x Chandelier Light

1 x Accessories Kit

1 x User's Manual

## Installation Instructions

1–2. Insert the lamp arm into the opening of the bottom round cover, then secure it firmly using the provided nut and washer.

3–4. Insert the remaining two types of lamp arms into the designated top and side holes of the lamp base as shown in the diagram, and fasten each securely with a nut and washer.

5. Make the wire connections:

(a). Connect the 4 black wires from the bottom lamp arms to the black lead wire using a wire nut. (b). Connect the 4 white wires from the bottom lamp arms to the white lead wire using a wire nut. (c). Connect the remaining 8 black wires from the lamp arms to the black lead wire and the fixture's black (live) wire using a wire nut. (d). Connect the remaining 8 white wires from the lamp arms to the white lead wire and the fixture's white (neutral) wire using a wire nut.

6–7. Place the bottom round cover over the lamp base (ensuring the upper and lower lamp arms are symmetrically aligned), then secure it with a decorative nut.

8. Select the appropriate length of down rod, then screw the rod onto the lamp body.

9. Attach the canopy to the upper section of the down rod.

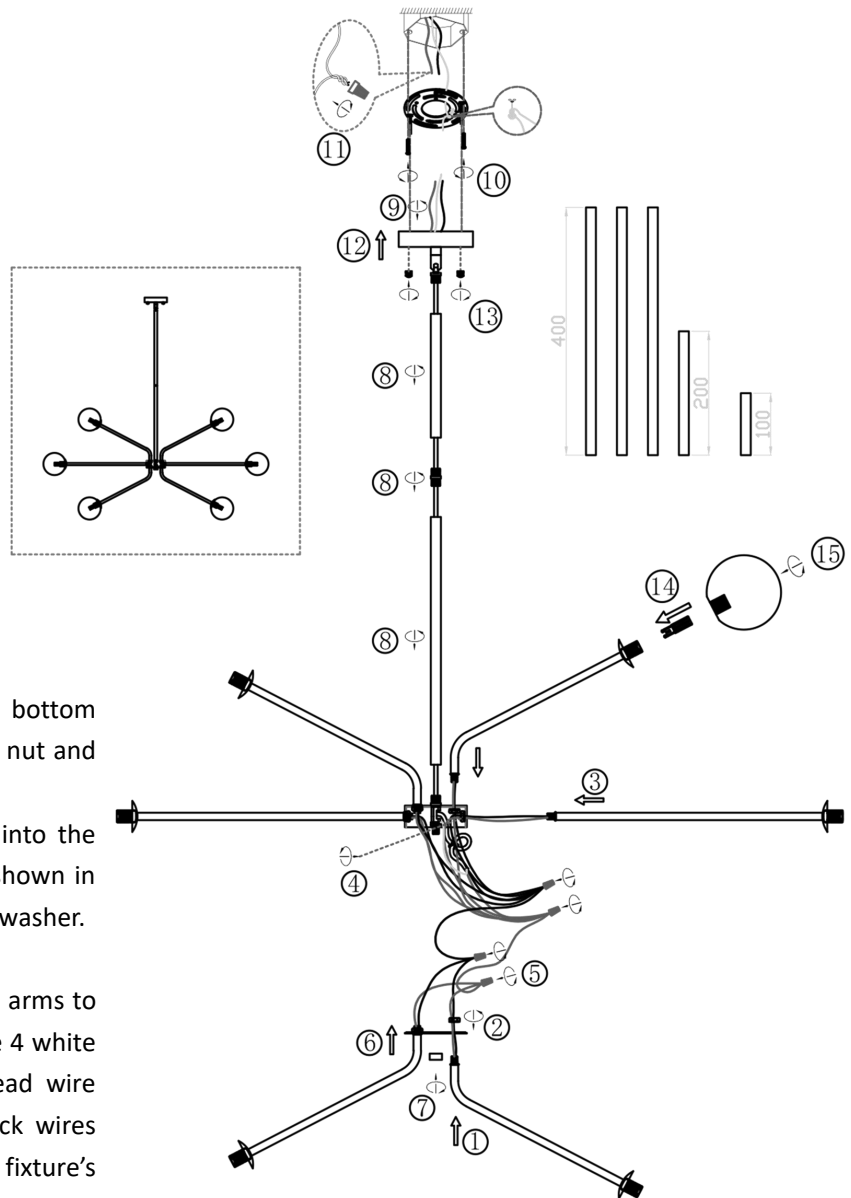

10. Secure the mounting plate to the junction box using the provided screws.

11. Connect the fixture wires (neutral, live, and ground) to the corresponding wires in the junction box using wire nuts. Insulate all connections with electrical tape, then carefully tuck the wires into the junction box.

12–13. Position the ceiling plate over the mounting plate and secure it firmly with the decorative nut.

14. Install the light bulbs (not included) into the lamp holders.

15. Fit the lampshades onto the lamp holders.

**Note:** please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
