

Technical drawing of a roof truss section. The drawing shows a cross-section of a roof with a peak angle of 39.16 degrees. The base of the truss is 64 inches wide. The height of the truss is 26 5/8 inches. The truss is composed of several horizontal members, with the top member being 53 inches long. The bottom chord is 5 1/2 inches thick. The truss is supported by a base that is 22 inches high. The truss is shown in a perspective view, with the peak angle of 39.16 degrees indicated. The truss is filled with horizontal lines, and the base is filled with a cross-hatch pattern.
