

STRATA LOUNGE CHAIR

Make it
YOURS

All of the incredible qualities of rattan are prevalent in this handsome chair. The core of the piece is made using bent rattan poles, formed into a comfortable curvature that hugs you while you're sitting. Thick squared cut strips of rattan are looped to create the intricate overlapping pattern that wraps the entire frame. Its organic aesthetic is modernized in a deep black finish. The muslin cushions give the customer a way to personalize this chair. Also available in Graphite Leather (5538).

SHIPPING REQUIREMENTS: TruckShip

CONTRACT: Contract Recommendations: Not for use in high traffic/public spaces
