General Guidelines

- Please read the following instructions carefully and use the product accordingly.
- Please keep this manual and hand it over when you transfer the product.
- Product is intended for indoor use only. It must be assembled and used according to the instructions. The seller does not accept any responsibility for damage or injury resulting from improper assembly or use.
- This summary may not include every detail of all variations and considered steps.
- Please contact us when further information and help are needed.

Warning

- Children are not allowed to assemble the product. During assembly, keep any small part out of reach of children as they may be fatal if swallowed or inhaled.
- Children are not allowed to stand, climb or play on the product to avoid serious bodily injury by toppling.
- Keep plastic packing bags out of reach of children to avoid any potential danger, such as suffocation.
- Avoid sharp objects and corrosive chemicals to prevent damage to the product or bodily injury.

Upholstered Furniture Care Tips

1. Daily suggestions

Vacuum fabric weekly; Dry-clean removable covers every 6 months; For leather: Wipe with a damp microfiber cloth and condition bi-monthly.

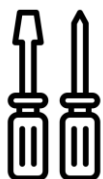

2. Special Reminder

If adults allow children to jump on the cushions, the stitching between the sofa panels will be damaged over time. Regular use of strong chemicals or bleach on the sofa will cause the fabric or leather to fade.

Assembly Instructions

- Read these instructions carefully and keep for future reference. Refer to parts inventory for guidance, and ensure you have all pieces before starting.
- When assembling, place all parts on a soft, clean, and flat surface such as a carpet to prevent scratches.
- During assembly, align all screws with the corresponding pre-drilled holes first and then tighten them one by one.
- Do not discard any contents until after assembly is complete to avoid accidentally discarding small parts or hardware.

Three tips need to be pay attention before installation.

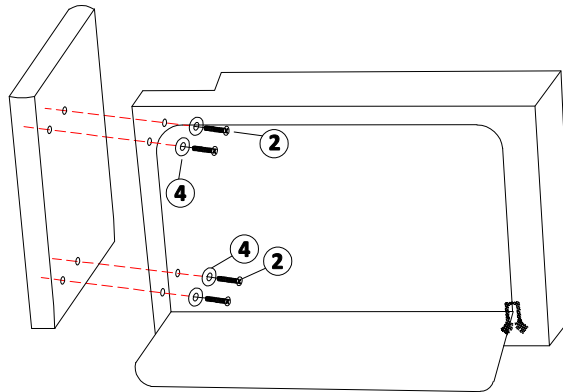

1. This installation takes approximately 60-90 minutes. **Please invite a companion to help you complete the installation.** Do not throw away the packaging materials before assembly is completed, because small parts may come loose in the carton during transportation. If parts are missing, please contact us.
2. This installation will require **both a screwdriver and a screw gun.** The installation tools are not included in the package. It is recommended that you use the same tools according to the steps in the installation video.
3. When you use the screw gun, please use **a reasonable speed** to avoid applying excessive pressure to the panel and causing damage. If you encounter any product problems, please feel free to let us know, we value your suggestions and feedback very much.

Sincerely

Step 1

Install the right-side component first (Right/Left determined from seated position - your right side when sitting is "Right"). As shown in the illustration, use #2 (screws) and #4 (washer) to attach the armrest to the sofa base.

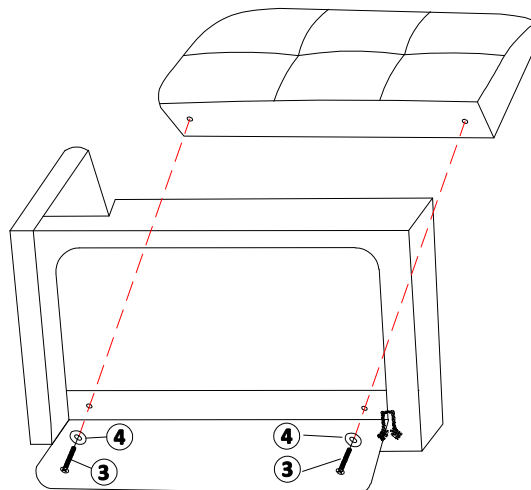

②		M6*30 Screw	4PCS
④		M6 Washer	4PCS

Step 2

As shown in the diagram, secure the sofa backrest to the base using #3 (screws) and #4 (washer).

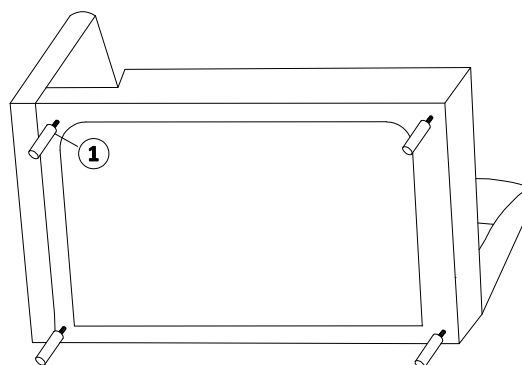

③		M6*60 Screw	2PCS
④		M6 Washer	2PCS

Step 3

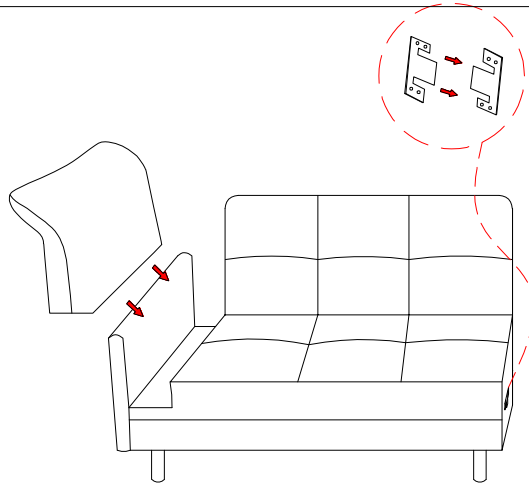

Attach #1 (sofa feet) to the designated positions on the bottom of the sofa.

①		13cm Leg	4PCS
---	---	----------	------

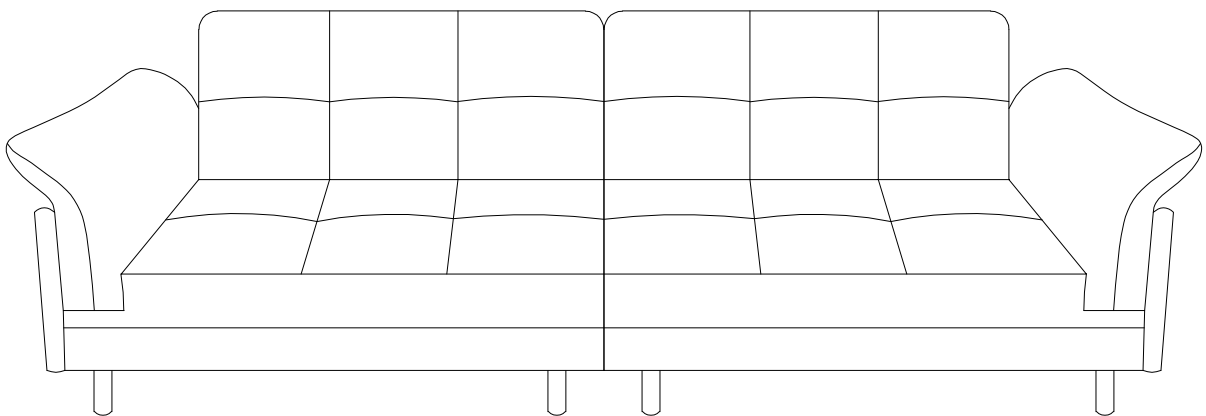

Step 4

1. Align the interlocking clips on both sides vertically and press firmly until they click into place.
2. Place the pillow arms onto the armrest positions of the sofa.
3. Install the sofa on the left using the same method.

Step 5

Use and Maintenance

Prolonged sunlight exposure - Causes fading and material degradation over time(especially fabrics, wood finishes, and leather).

Liquid spills & high humidity - Wipe spills immediately to prevent stains/swelling. In humid areas (>60% RH), use moisture absorbers or dehumidifiers weekly.

Direct heat sources - Keep furniture at least 2 feet away from radiators, fireplaces, or heating vents to prevent cracking and glue weakening.

Harsh chemical cleaners - Always test cleaners on hidden areas first. Use pH-neutral products suitable for your furniture's material.

Overloading weight limits - Check manufacturer guidelines for maximum capacity(especially for shelves, glass tops, and storage units).

Thank you! Following these simple rules will keep your furniture looking great for years.
