About Your Badminton Set

The Sportneer Portable Badminton Net Set is lightweight, sturdy, and ultra-portable! It can easily be set up on any flat surface (grass, concrete, gymnasium floors, and more) and disassembled in a flash. The net can be adjusted from 10.5 feet to 17 feet long.

Installation

1. Unpack the 2 sets of posts (A), bridge pole set (B), and net (C).

2. Unfold the posts and insert the segments into each other. Follow the diagram in figure 2 below.

3. Slide the net onto the poles. Follow the diagram in figure 3 below.

4. Unfold the bridge pole and insert the segments into each other as you did in step 2. Insert the pole into each of the four insert holes shown in the diagram below. Secure both ends of the bridge pole with the supplied screws (D).
