

Step by Step Assembly Instructions:

Step 1: Properly align the mounting Backplate to the electrical box first, before screwing in.

Step 2: Connect the electrical wire, handle carefully.

Step 3: Lock the Lamp with the mounting Backplate.

Step 4: Install the Glass Shade, then tighten with the screw to hold the glass in place.

Step 5: Lastly, install proper type wattage of bulb (you should not touch the hardware part in case of electric shock).
