INSTALLATION MANUAL

INSTALLATION GUIDE

IMPORTANT SAFETY INSTRUCTIONS

When using an electrical furnishing, basic precautions should always be followed, including the following. Read all instructions before using (this furnishing).

DANGER - To reduce the risk of electric shock:

1. Always unplug this furnishing from the electrical outlet before cleaning or servicing.

WARNING - To reduce the risk of burns, fire, electric shock, or injury to persons:

1. Unplug from outlet before putting on or taking off parts.

2. Close supervision is necessary when this furnishing is used by, or near children, invalids, or disabled persons.

3. Use this furnishing only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.

4. Never operate this furnishing if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Return the furnishing to a service center for examination and repair.

5. Keep the cord away from heated surfaces.

6. Never operate the furnishing with the air openings blocked. Keep the air openings free of lint, hair, and the like.

7. Never drop or insert any object into any opening.

8. Do not use outdoors.

9. Do not operate where aerosol (spray) products are being used or where oxygen is being administered.

10. To disconnect, turn all controls to the off position, then remove plug from outlet.

11. For grounded products the following statement: **WARNING: Risk of Electric Shock** - Connect this furnishing to a properly grounded outlet only. See Grounding Instructions. "This product is for use on a nominal 120-volt circuit and has a grounding plug that looks like the plug illustrated as below. Make sure that the product is connected to an outlet having the same configuration as the plug. No adapter should be used with this product."

12. Mount furnishings at the correct height.

13. Mount only approved work surfaces and secondary surfaces (shelves) in accordance with instructions. Failure to do so may cause instability, collapse, or failure of electrical components. [Applicable to furnishings that are not provided with a work surface and/or secondary surfaces (shelves)]

SAVE THESE INSTRUCTIONS

"SUITABLE FOR DAMP LOCATIONS [CONVIENTAUX EMPLACEMENTS HUMIDES]
For Household / Residential Use Only [POUR L'USAGE MENAGER / RESIDENTIEL SEULEMENT]"

IMPORTANT SAFETY INSTRUCTIONS

When using an electrical furnishing, basic precautions should always be followed, including the following:

WARNING: To reduce the risk of burns, fire, electric shock or injury to persons. Use this furnishing only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer. Never drop or insert any object into any opening. Do not use outdoors.

WARNING: Risk of electric shock. Connect this furnishing to a properly grounded circuit only. See grounding instructions.

ELECTRIC CONNECTIONS

ALL WIRING SHOULD BE DONE BY A QUALIFIED LICENCED ELECTRICIAN.

WARNING: Shut off power before wiring.
Requires 120 VAC 20 Amp GFI protected Circuit.

GROUNDING INSTRUCTIONS:

CAUTION: This product must be connected to a grounded metal permanent wiring system or an equipment-grounding conductor must be run with the circuit conductors and connected to the equipment grounding terminal or lead on the product.

WARNING: An Electrical option mirror must be wired to a 20 Amp GFI (Ground Fault Interrupter) protected circuit when used in bathrooms and all other locations required by the National Electric Code.

HOW TO CONNECTIONS

The electric wire comes through the access hole on the top of the cabinet, exact location of access hole varies depending on the product models. Please refer to the actual product for the exact location.
