

 **Assembly Tips**

- **ALL THE TIME:** DO NOT fully tighten the screws until all of them are properly inserted into their designated holes.
- **STEP 1:** Locate the legs and hardware pack stored underneath the bench. (Peel open the fabric cover to access them.)
- **STEP 2:** Ensure each leg is attached to the correct screw hole by matching the label on the leg with the label on the surface of the screw hole. (e.g., a leg labeled B must be installed at a screw hole marked B).
- **STEP 3:** Ensure the item is stable after inserting the legs. If not, adjust the screw tightness.
