Step 4

CARE AND CLEANING

For best results in caring for your stone top, we suggest:

- Always wipe off spills immediately.
- Seal the stone top regularly with a good quality stone sealant.
- Never use strong or abrasive cleaner, and always test your cleaning solution on unnoticeable areas before applying to the entire surface.
- Wipe surface clean, immediately after applying cleaner.
- Do not allow cleaner to sit or soak. Never let cleaner sit on the surface of the stone for long periods of time.
- Use a soft, dampened sponge and cloth. Never use an abrasive material such as brush or scouring pad to clean surface.
- They will scratch the surface of the stone top and lavatory
- Always rinse and wipe clean the fixtures to prevent soap buildup.
