Wave Bench

Assembly Diagram

Parts List

- 1 Bench Seat and Back
- 4 Legs
- 1 Crossbrace
- 13 Screws

WARNING:

CHOKING HAZARD - Small parts. Not for children under 3 years.

Step 1

Open the Bench Back and secure to the Bench Seat with a screw.

note: bench back not shown in drawing

Step 2 Place Bench seat upside down on a flat surface.

Find the Back Legs.

(curve where screw holes are will match curve in bench back)

Attach them to the Bench with screws provided.

Do not tighten the screws.

Step 4

Align the tabs on the Crossbrace with the holes in the Legs as shown. (Crossbrace will line up with all 4 holes when positioned properly) Insert screws loosely.

Step 3

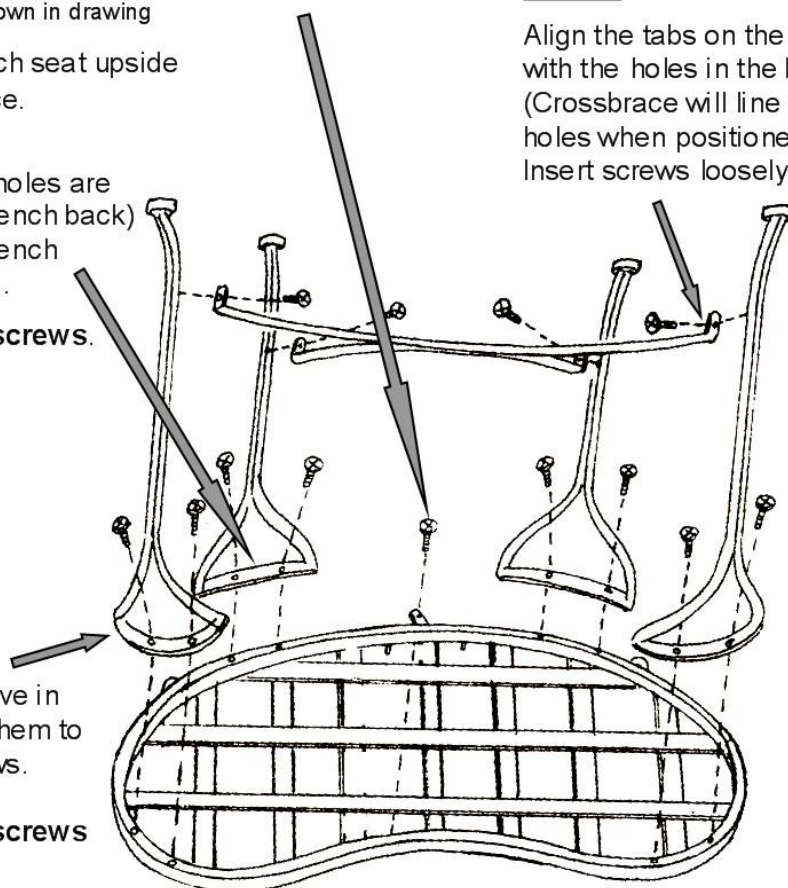

Find the Front Legs.

(curve will match curve in bench front) Attach them to the Bench with screws.

Do not tighten the screws

Step 5

Tighten all screws.

Bench Seat (bench back not shown)
