Installation Instructions

1. Twist lamp arm (14) and tapered decorative tube (14) on the round central ball (13) and then fix them on the ball;
2. Put the short straight pipe (12), the mid-length straight pipe (11), the long straight pipe (10) and the ceiling plate (4) through the main wire(5) and tighten them on the round ball (13); With the help of the washer nut (8) , tighten the suction cup (4) and the ground wire (3) to the straight pipe (10);
3. Fasten the hanging plate (1) to the junction box through the junction box screws (7);
4. Connect the main lines and ground wire from the fixture with lines reserved on the ceiling. Use the green screw (2) to fix the lamp body ground wire (3) and the external ground wire to the hanging plate(1); Note: To prevent leakage,bare wire should not be exposed;
5. Pass the hanging plate screw (6) through the two small holes of the suction cup (4), and then tighten the decorative branch (9);
6. Tighten the light bulbs(bulbs are not included) (19) to the lamp holder (18) ; use the thread rod (16) to tighten the lampshade (20) on the lamp cup (17).

Note: please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
