

Cottage/Garden Size Weathervane Assembly Instructions

Your Package Contains the following:

One Cottage Weathervane Figure Plus...

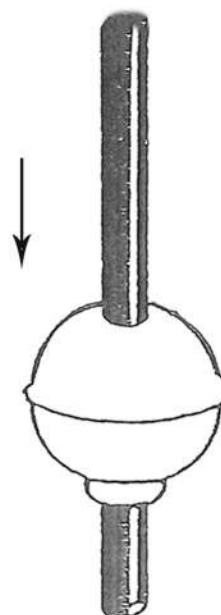

1

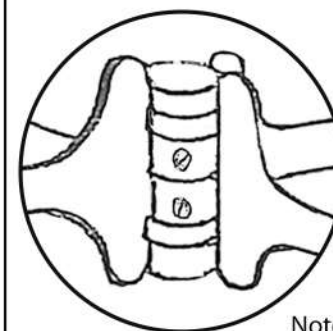

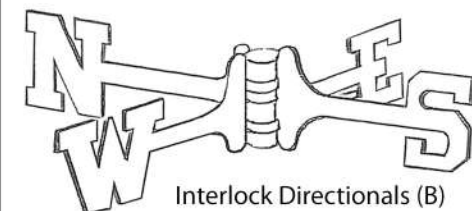

2

Slide Large Globe (C) down rod (D) to Brass Ring (E).

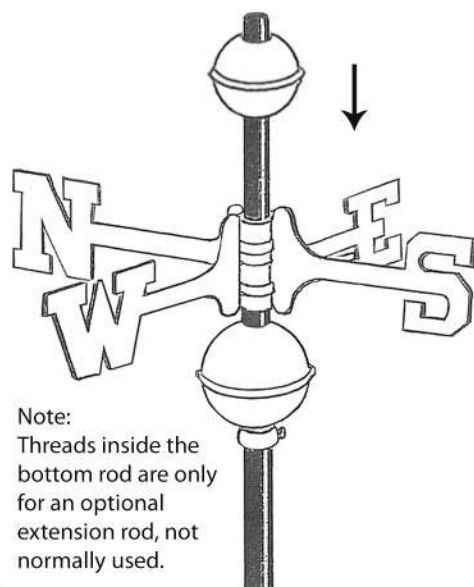

3

Note: NS+EW
position is correct
when both screws
are aligned.

4

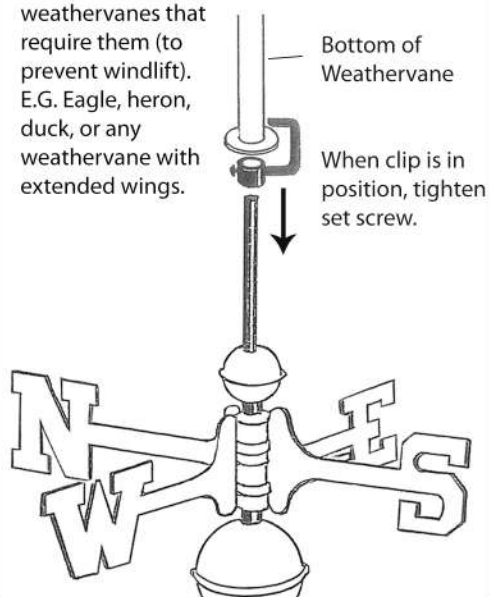

Slide Directionals (B) onto rod (D) and tighten set screws. Then, slide Small Globe (A) onto rod. (Note: Smaller hole on globe goes on top, globe fits loose).

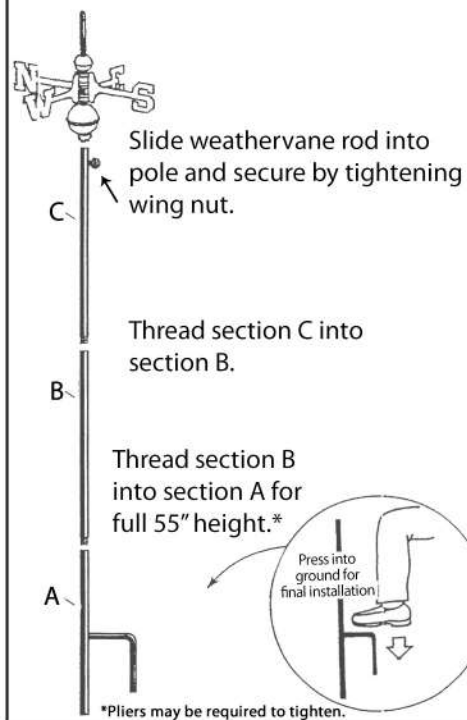

5

Slide Weathervane Figure onto Rod (Adding a Retaining Clip if necessary)

Note: Retaining Clip is supplied only for weathervanes that require them (to prevent windlift). E.G. Eagle, heron, duck, or any weathervane with extended wings.

6 (for Garden Poles)

6 (for Roof Mounts)
