

Product Care and Maintenance

Resin

Under reasonably foreseeable conditions of use this product presents either no risk, or only minimal risk to the user during the life of the product when taking into consideration each of the following points:

- Each piece of furniture is structurally stable.
- The design and construction is robust and safe to the user
- Safe for children provided they are supervised
- Effect on other products – none.

WARNING:

- Please take care when lifting.
- When assembling keep children and small animals away as packaging could choke if swallowed.
- When assembling the table, ensure the tabletop's face is protected from scratching or chipping
- Dispose of all packaging carefully and responsibly
- Please take care when folding/unfolding any table and chairs
- Resin furniture is a lightweight material so please protect it during high winds to avoid it being blown over.
- If using a parasol please ensure it is lowered when not in use taking care in windy conditions
- Designed for domestic use only
- Products designed for domestic and non-domestic use.

CARE AND MAINTENANCE:

- Avoid abrasive cleaners
- Clean with warm soapy water and rinse with plain water
- If using a pressure washer do not get too close as it may damage the resin
- Periodically check fittings (if applicable) assuring they are tight.
- Although designed for outdoor and indoor use, storing away out of the weather will prolong the life of your furniture and certainly, during the winter we would recommend it be stored in a shed or garage.
- Do not stand or sit on the table, very heavy items should not be placed on the table
- Please do not drag items across the tabletop, as this may scratch the surface,
- Very hot items should not be placed directly on the tabletop.
