PLEASE DO NOT RETURN TO STORE

Please do not return this product to the retailer!
We are able to assist you in ANY way!

If you find that you have any trouble with assembly or missing or damaged parts please contact the seller.

ASSEMBLY INSTRUCTION

Important Installation Notes

Please read the following notes carefully before installation:

This product involves complex assembly. At least two persons are recommended for installation.

1.Before each operation, verify the screw hole positions with the illustrations. Confirm the correct orientation of panels prior to tightening screws to prevent errors.

2.If power tools are used, fasten screws intermittently in multiple steps. Do not over-tighten continuously, which may cause cracks around the holes.

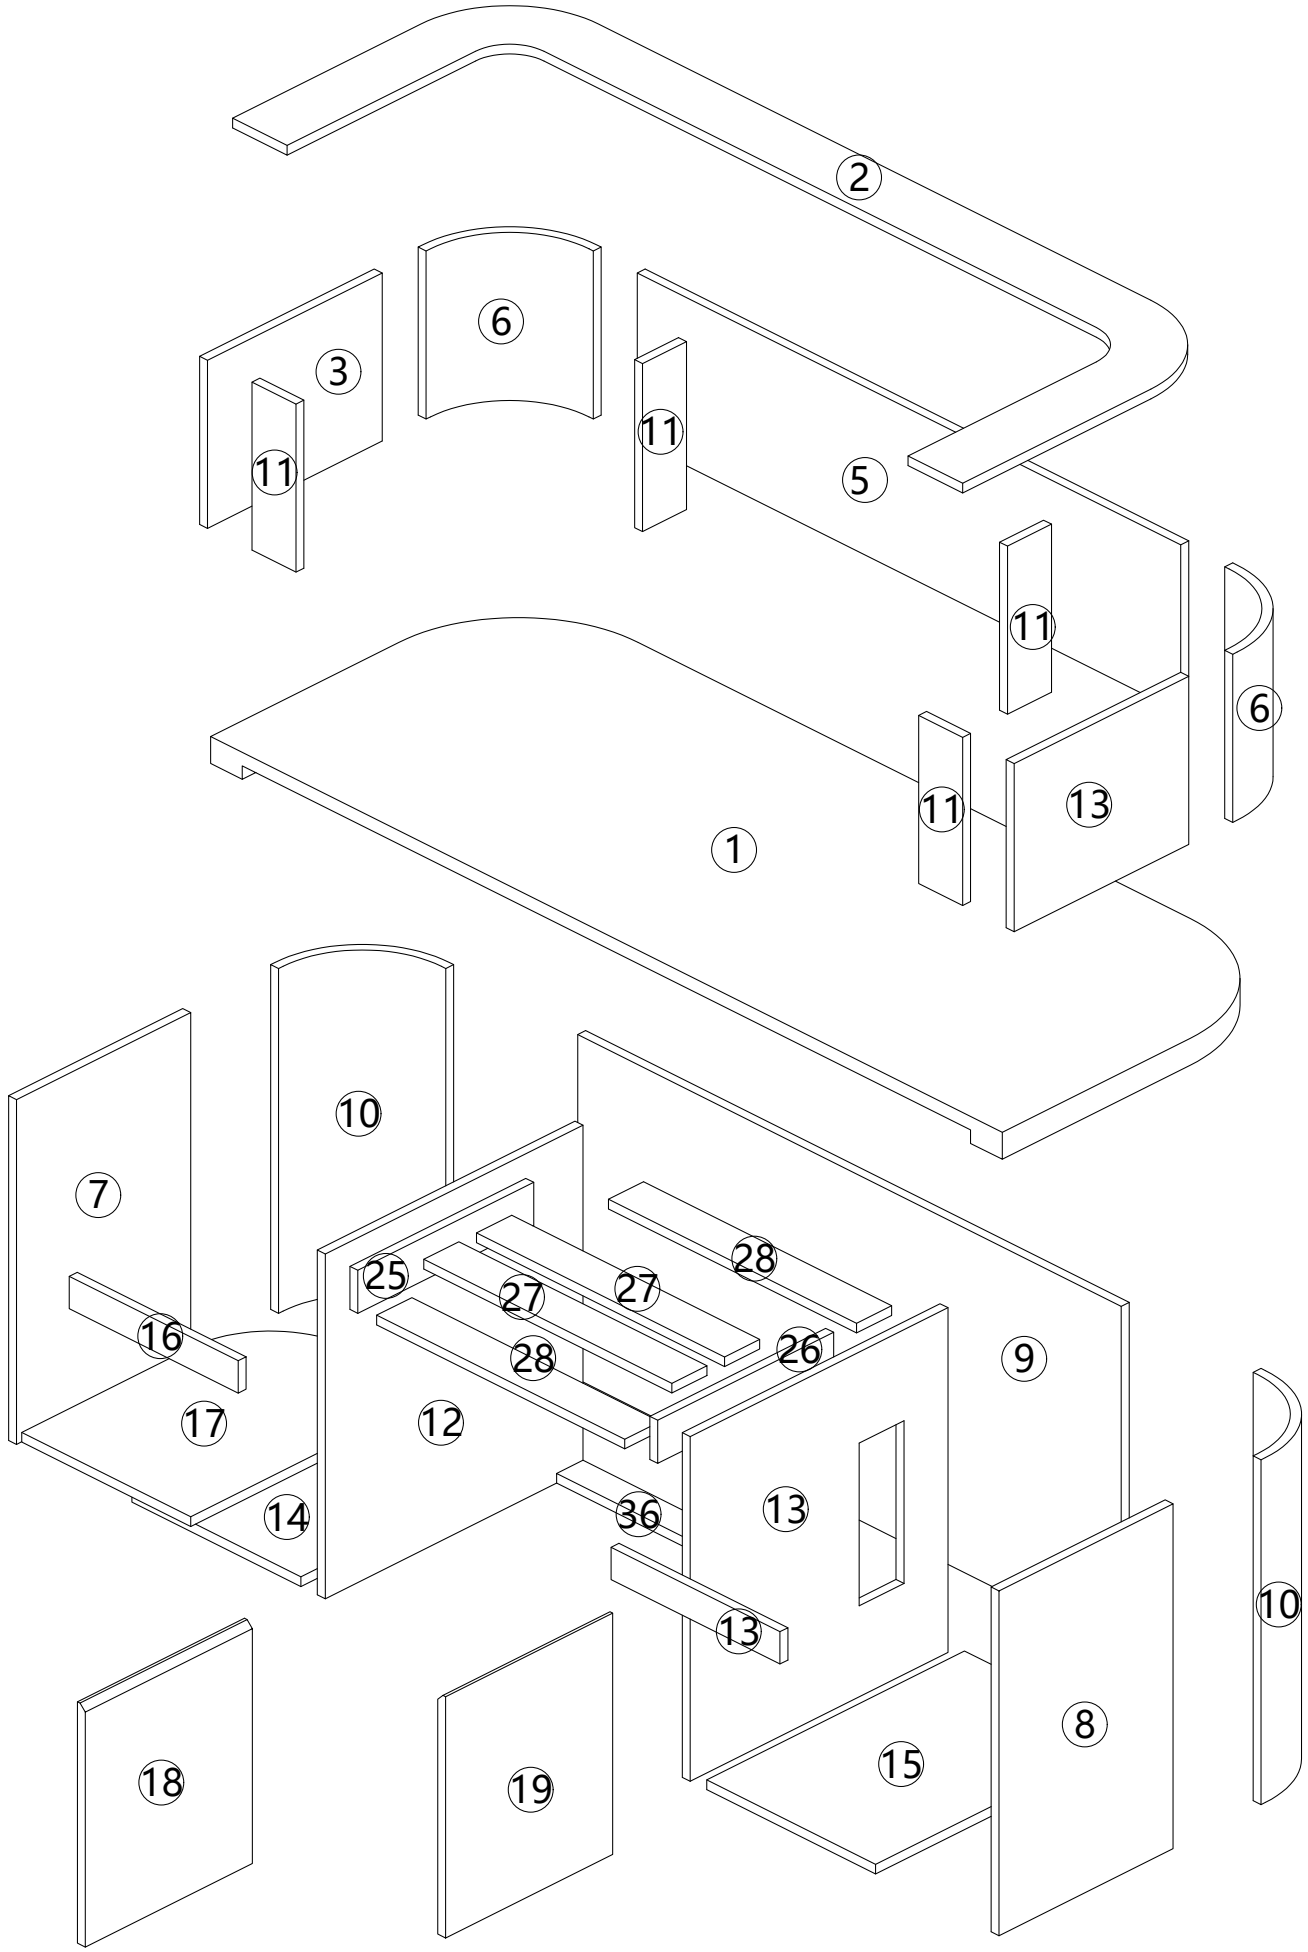

3.If you have any problems or questions during assembly, feel free to contact us by email or Amazon message. We will get back to you within 24 hours.

Thank you for your attention to these important instructions.

Combination Lock Instructions

Easy Installation: The dial rotates clockwise or counterclockwise.

Custom Code: Code can be reset at any time, no special tools needed.

1000 Combinations: Press the button to change code; setup takes only seconds.

Code Setting (Important):

1. Set code only when the lock is unlocked (Default factory code: 0-0-0).
2. The reset hole is on the bottom edge of the outer ring. Rotate the lock head to reveal the inner button.
3. Insert the small pin and hold the button down. Turn the dials to line up your target numbers.
4. Release the button to confirm the new code.

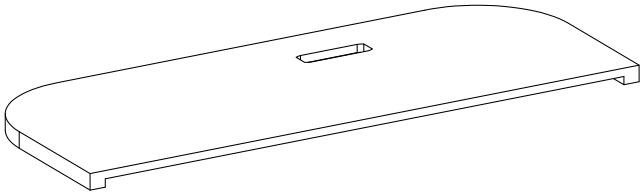

Lock & Unlock:

Rotate the lock head to lock. Scramble one or all dials after locking.

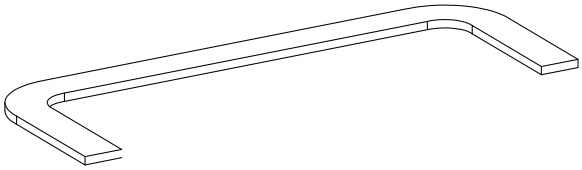

To unlock, align dials to your saved code.
