Safety and Care Advice

Important - Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on next pages.
- Remove all fittings from the plastic bags and separate them into groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to lay out the parts before starting.
- Do not stand or put weight on the product, this could cause damage.
- Assemble the item as close to its final position (in the same room) as possible.
- Assemble on a soft, level surface to avoid damaging the unit or your floor.
- We do not recommend the use of power drill/drivers for inserting screws, as this could damage the unit. Only use hand screwdrivers.

- Dispose of all packaging carefully and responsibly.
- Warning : Do not over tighten the handle screw that way break the mirror.
