

尺寸： 21x16cm

Dear Pet Parent,

We are so happy to be part of your home!

Here is some important info to help you get the most out of your dog sofa bed.

OPENING YOUR BED:

To quickly get your bed into shape from the vacuum bag, remove the bed from the bag, shake it out completely and pull the fibers apart with your fingers to open them up.

ASSEMBLING YOUR BED:

Open the zipper on the back of the bedspread, put in the liner first, then insert the bottom of the bedspread, zip up the zipper to complete the assembly.

Once assembled, you can leave the bed for a while and wait for the foam to rebound, giving your baby a more comfortable and fuller sofa bed!

WASHING YOUR BED:

Please unzip the zipper to separate the liner from the bedspread. Remove the bedspread and wash it in cold water or washing machine, then dry it in low temperature.

To prevent the plush fabric mattress from pilling, please dry the mattress. Do not air dry.

Your satisfaction is very important to us. If you have any questions or concerns about your order, please

If you love us, let us know and please leave us a review!

Sincerely,

Your friends
