Installation Instructions

1

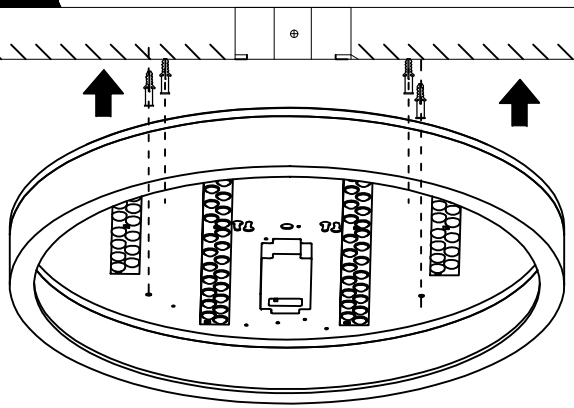

OFF

STEP1

Turn off the power.

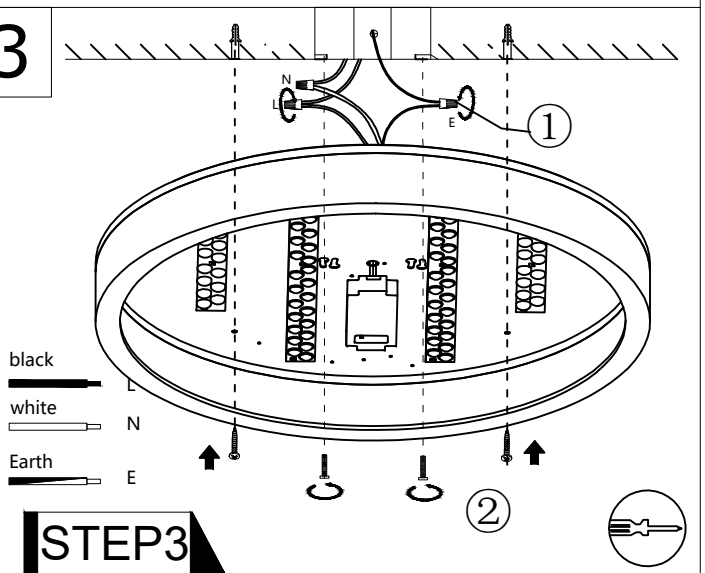

2

STEP2

Fix the plastic expansion screws into the wall according to the hole spacing of the chassis, flush with the wall surface.

3

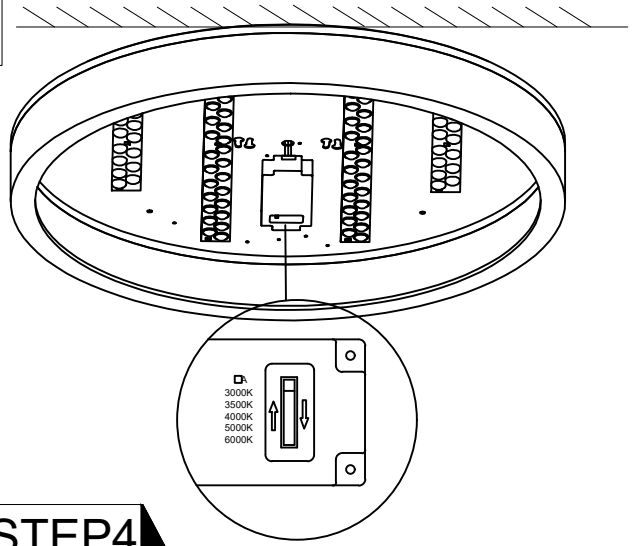

STEP3

1.Connect the wires of the lamp holder to the junction box with wire nuts. Match black wire to black wire, white wire to white wire, and ground wire to ground wire (usually green or bare copper wire).

2.Secure the mounting plate to the junction box with screws, then fasten both sides of the mounting plate with self-tapping screws.

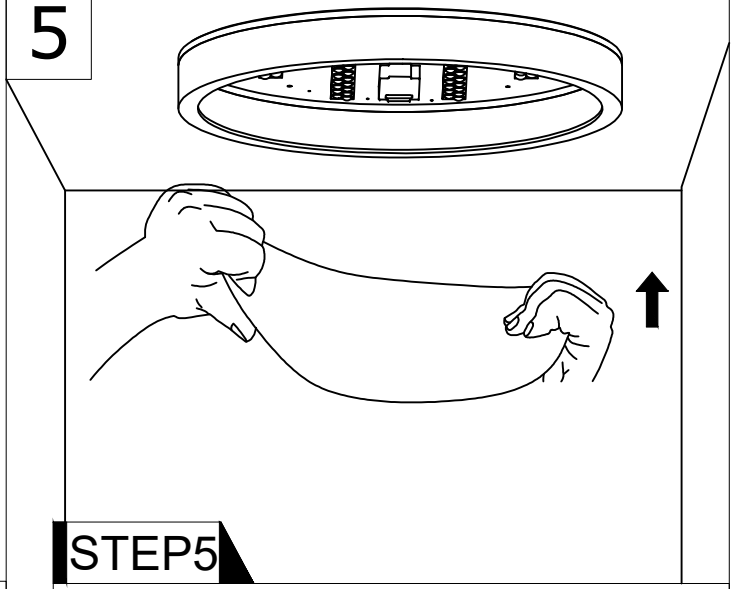

4

STEP4

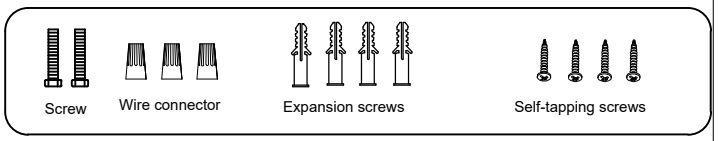

Use the switch on the driver to select the color temperature (make sure the power is off before adjusting).

5

STEP5

Use both hands to slightly bend the shade inward, then place it into the fixture base.
