

# Installation Instruction

# Assembling

## What you need

- Use the packaging carton as a working surface to prevent product damage during assembly
- Phillips head screwdriver

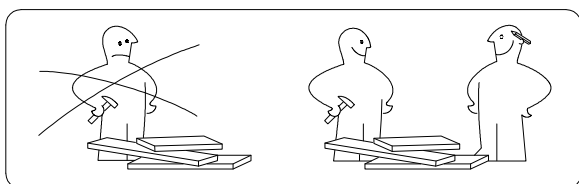

## Weight Limitation

**50 | 35**

lbs table top    lbs per

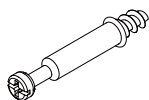

## What 's included

| Code | Description                    | Qty |
|------|--------------------------------|-----|
| A    | Cam Bolt M6X35MM               | 22  |
| B    | Cam Lock 15X10MM               | 22  |
| C    | Wooden Dowel M6X30MM           | 21  |
| D    | Screw M4X35MM                  | 16  |
| E    | Screw M3X12MM                  | 4   |
| F    | Screw M4X14MM                  | 18  |
| G    | Plastic Corner Suppor          | 16  |
| H    | L-shaped Wall Lock Device      | 2   |
| I    | Iron triangle connection plate | 4   |
| J    | Hinge                          | 4   |
| K    | Felt mat                       | 4   |
| L    | Screw M3X16MM                  | 16  |
| M    | Anchor                         | 2   |
| N    | Push latch                     | 2   |
| O    | Screw M3.5X12MM                | 24  |
| P    | Counterbored hex socket screw  | 8   |
| Q    | Metal Support                  | 8   |
| R    | Hex key                        | 1   |

|---------------------------------------------------------------------------------------|------|---------------------------------------------------------------------------------------|------|
| G                                                                                     | x 16 | L                                                                                     | x 16 |
|  |      |  |      |

# Step 31

|                                                                                     |    |                                                                                     |    |
|-------------------------------------------------------------------------------------|----|-------------------------------------------------------------------------------------|----|
| D                                                                                   | x2 | M                                                                                   | x2 |
|  |    |  |    |

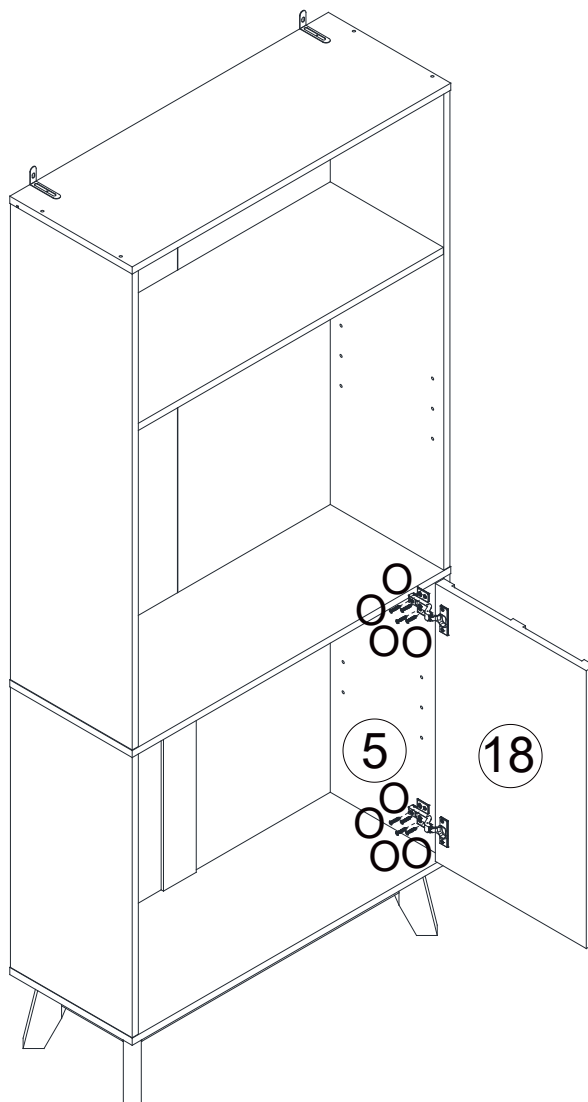

# Step 32

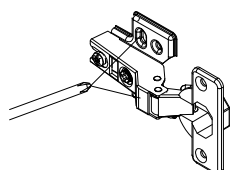

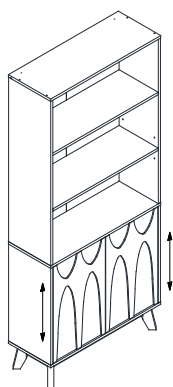

|                                                                                       |    |                                                                                       |    |
|---------------------------------------------------------------------------------------|----|---------------------------------------------------------------------------------------|----|
| J                                                                                     | x4 | O                                                                                     | x8 |
|  |    |  |    |

# Step 33

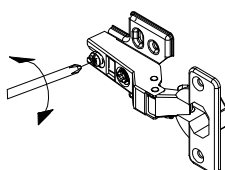

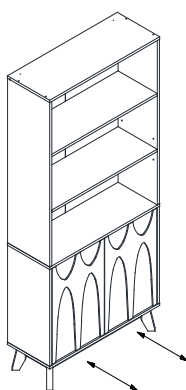

|                                                                                     |     |
|-------------------------------------------------------------------------------------|-----|
| O                                                                                   | x 8 |
|  |     |

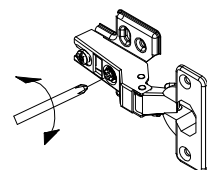

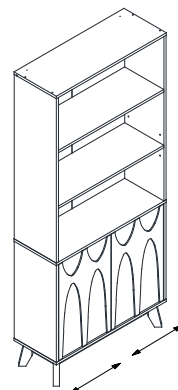

How do I get the two doors to align flat by adjusting the hinges?

1. The screws can be loosened to adjust the uneven problem under the table top.

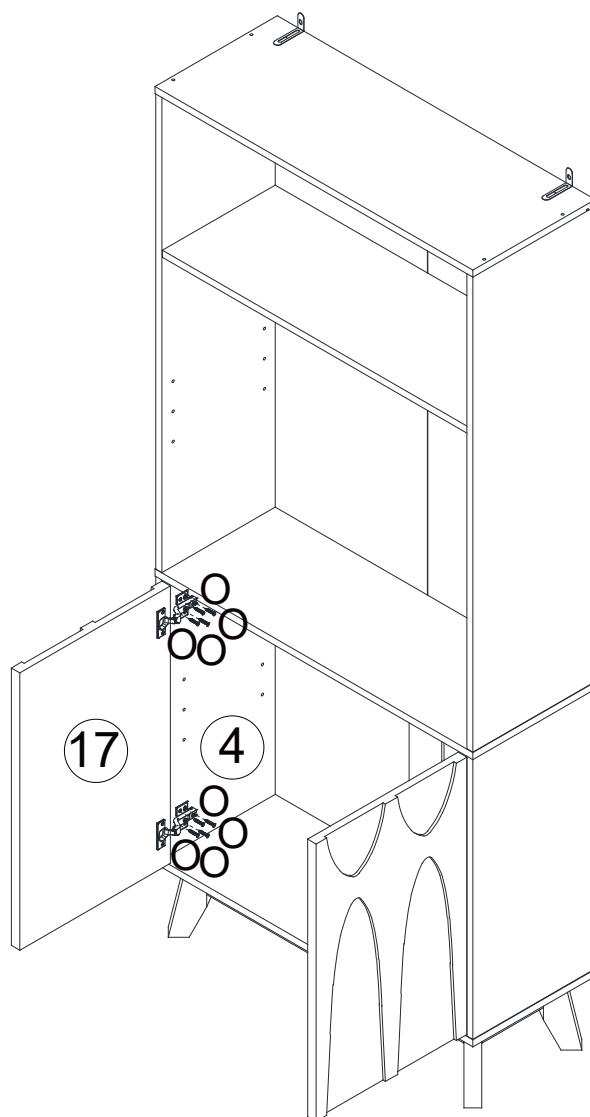

2. Adjust the screws shown in Fig. 2 and pull the door back and forth so that it can be opened smoothly.

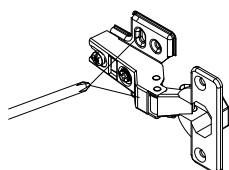

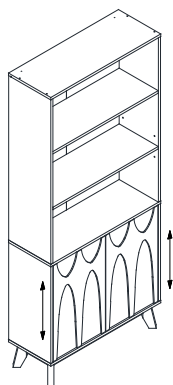

3. Adjust the screws shown in Figure 3 to adjust the door left and right to the right position.

# Step 34

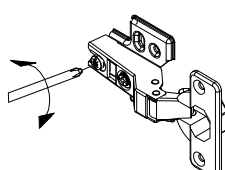

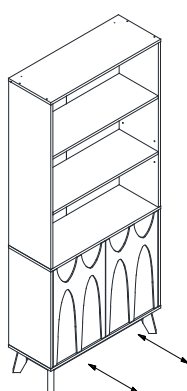

|                                                                                     |     |
|-------------------------------------------------------------------------------------|-----|
| O                                                                                   | x 8 |
|  |     |

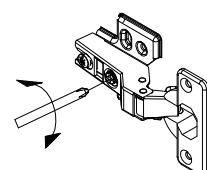

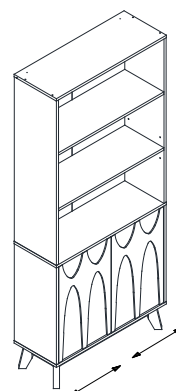

How do I get the two doors to align flat by adjusting the hinges?
