

ZAER LTD. INTERNATIONAL

Use and Care Guide for Iron Outdoor Décor

- After assembly make sure item is assembled correctly and stable
- Do **not** exceed suggested weight limitations (if applicable)
- Make sure all nuts/bolts/screws are **tightly** secured
- All of our iron products are powder coated for added resilience, however we suggest using a **clear protective overspray** every **6-12 months** for extra protection against fading and/or discoloration
- Items are safe for year round use (unless otherwise stated) so it is unnecessary to bring in during cold or wet temperatures
- **To clean: Use a soft, damp cloth or sponge to wipe down**
- Large items maybe be hosed down if extremely dirty
- Use Touch-Up paint to fix scratches when necessary

*If you have any questions or concerns about the Use and Care of your Zaer Ltd. product, do not hesitate to contact **Customer Service** at sales@zaerltd.com or by phone at **215.766.2010**.

**We thank you for your patronage and hope you love your new Zaer Ltd.
International décor as much as we do!**
