

# Low Floor Bed Range

Low. Strong. Beautifully simple. A smart first bed for growing independence.

A solid pine low floor bed handmade in the UK and designed for children moving into their first proper bed.

### Ultra-Low Access

Only 4cm floor clearance for a true low-floor feel.

### Solid Pine Strength

Real Scandinavian pine, not MDF or hollow timber.

### Made in the UK

Buy direct with aftersales support and spare parts available.

### Family-Friendly Choice

Ideal for bedrooms and first proper beds.

## Why Parents Choose Us

- Designed for children moving on from a cot into their first proper bed.
- Supports independence by helping children climb in and out more easily.
- Simple low profile helps bedrooms feel calm, open and uncluttered.
- Available in multiple sizes, from short-length children's options to doubles.

Photography shown in Natural Pine finish.

# Benefits, Safety & Why Buy

A low bed range made from real wood and built to last.

## Key Benefits

- Encourages independence and confidence at bedtime.
- Low-level design reduces the sense of height for young children.
- Strong slatted base provides excellent mattress support and airflow.
- Clean styling works in modern, neutral and themed bedrooms.
- Suitable for everyday family use and designed for long-term durability.

## Why Buy from Us?

- **UK made** by a specialist bed manufacturer.
- **Buy direct** with proper product knowledge and aftersales support.
- **Spare parts available** for long-term reassurance.
- **Multiple finish options** to suit children's bedrooms and décor.
- **Real solid pine** — no cheap import shortcuts.

## Safety & Practical Details

**Recommended age:** 18 months+ or once a child can safely get in and out independently.

**Important:** This product is not a cot and is not suitable for babies or infants. It is an ultra-low bed frame and does not include guard rails. Use only with the correct mattress size, assemble fully before use, and check fixings periodically.

**Testing:** Designed as a domestic low bed frame and tested to **BS EN 1725:2023** for safety, strength and durability.
