This product is divided into 2 packages: Box 1 (Back and Arms), Box 2 (Seat). Please take out all the components and check if they are intact.

### Box 1

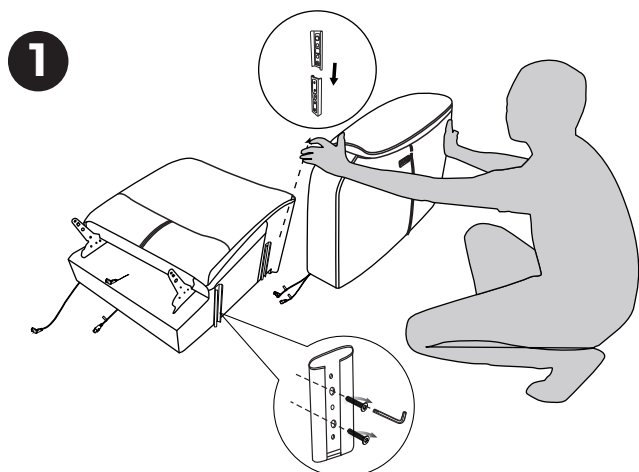

### Box 2

Locate the All-in-One Kit (with hardware and tools), Power Cord (E), and Wings (C) at the bottom of the chair seat.

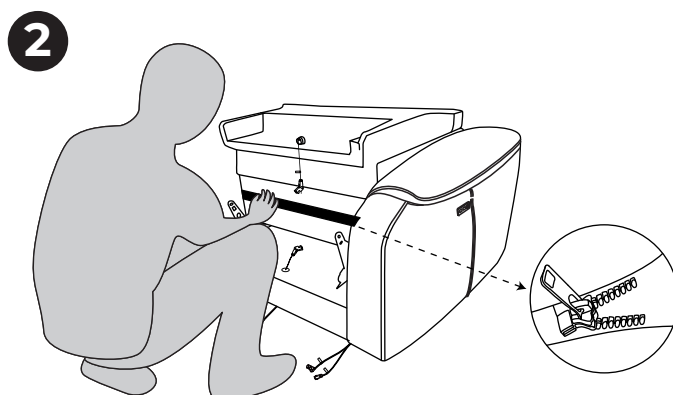

## ASSEMBLY INSTRUCTIONS

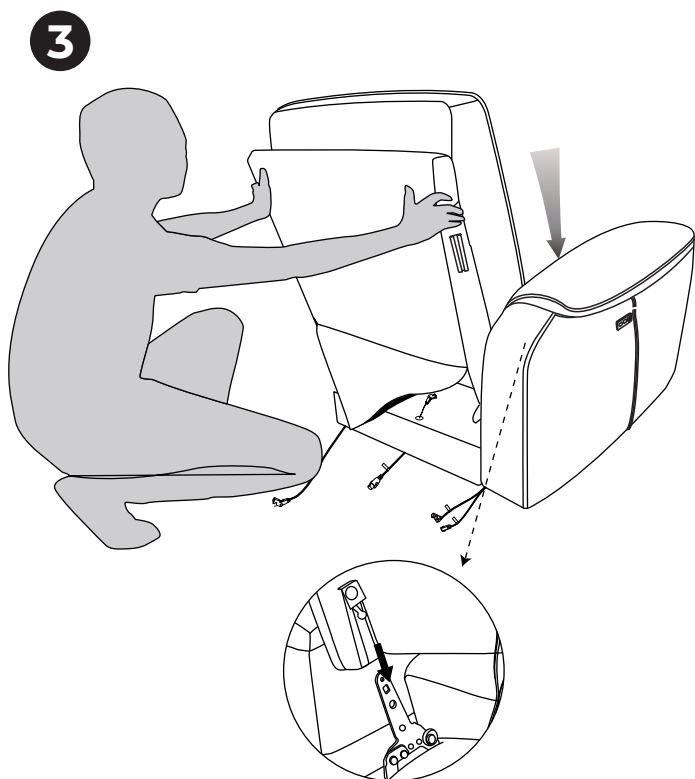

As shown in the diagram, use the Hex Key to tighten the screws to secure the slots(F). Then slide the Arms (B) into the Seat (D) and push down the arms firmly until they are locked into place.

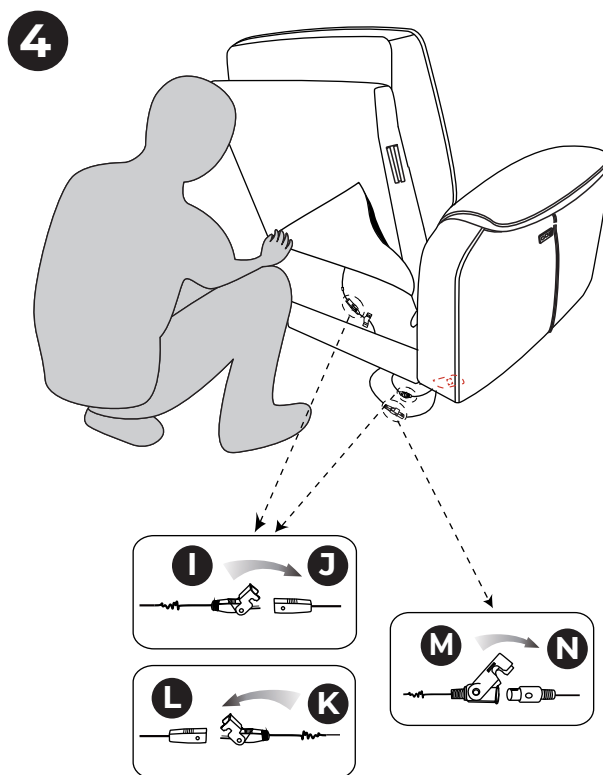

**Note:** Make sure the screws are fully tightened, otherwise the furniture may wobble.

Zip up the bottom of the back and the seat together.

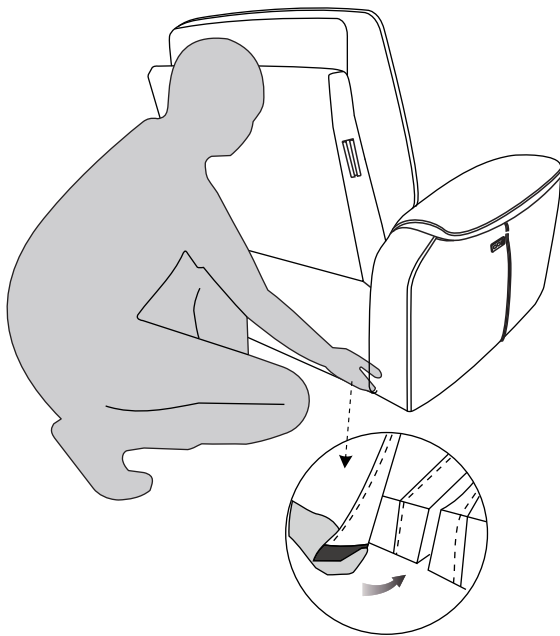

Slide the Backrest into the metallic quick connectors of the Seat. Push down the Backrest firmly until each side is locked into place and an audible “click” is heard.

Connect the cable(I) into cable(J), the cable(K) into cable(L), the cable(M) into cable(N).

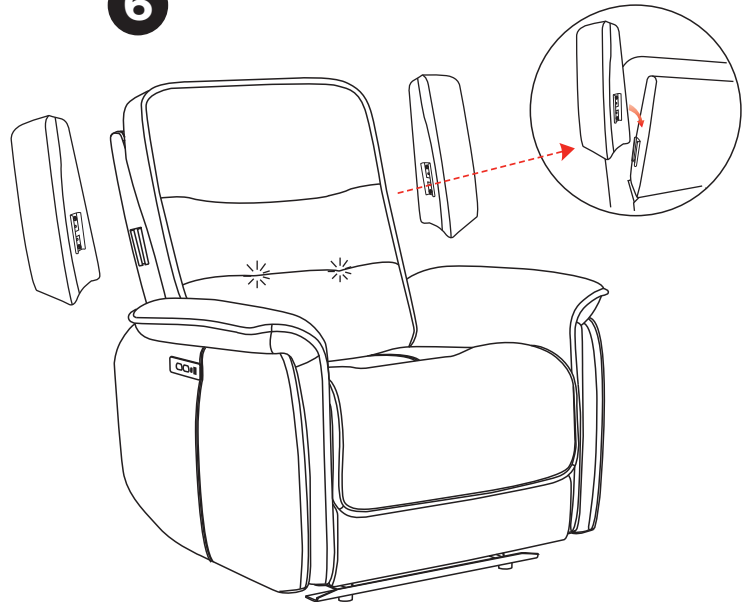

## ASSEMBLY INSTRUCTIONS

5

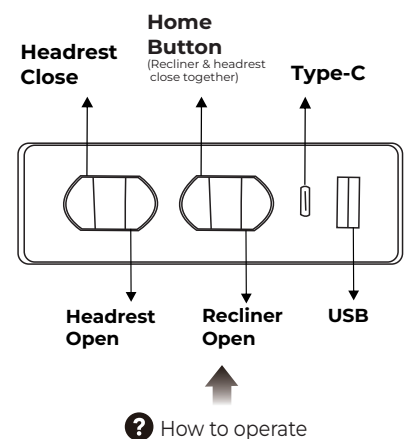

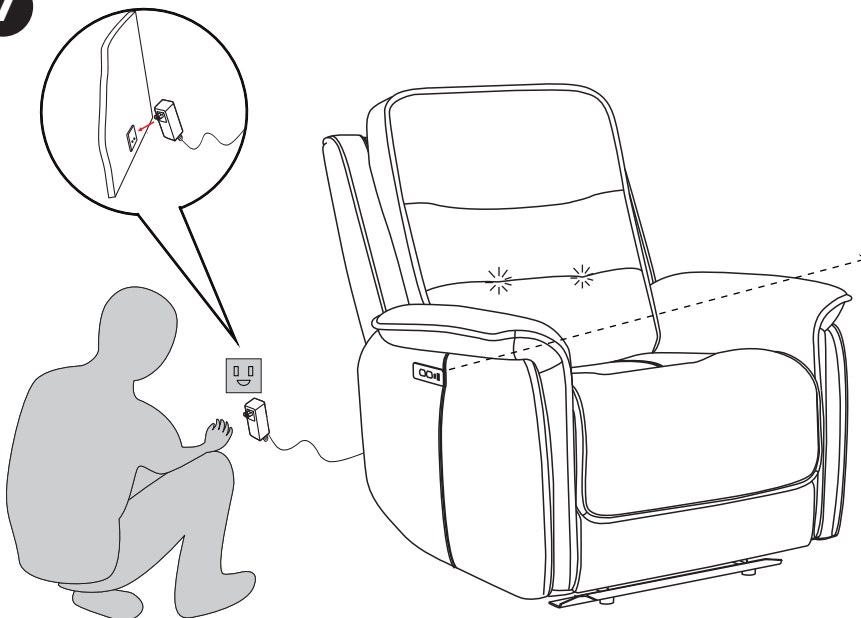

Attach the back cover to the bottom of the seat with Velcro.

6

Slide the the Left Wing and Right Wing (C) into the Backrest (A).

7

Connect one end of the power cord into the DC adaptor located at the bottom of the left arm. Plug the other end of power cord into the power outlet.

**Note:** After all the connections are made, the green LED will be lit up.
