Enticing glam meets cool modern wit in the Arabella Nightstand. Finished in shimmering eglomise with heavily painted charcoal finish on the exposed wood edges, the top drawer has a drop-in felt liner, and the bottom drawer has a cedar bottom. There is one live USB port and three electrical outlets. One touch switch is located on each side of the case; there is a light underneath and a cord clip. A new take on French style that combines classic European elements with modern forms, then adds metals and a touch of glam to create an industrial luxe look. Our Arabella collection marries two of the most pervasive home furniture trends in the last several years – industrial interiors and laid-back luxurious looks – for a result much greater than the sum of two parts. The new direction takes industrial style, which can become cold and stark, and makes it softer and more romantic by anchoring the look in classic French elements with touches of glam and sparkle.
