

USER MANUAL

01

First check whether all the accessories are included.

02

Unfold the box outward.

03

After unfolding, lower the base plate and press it to secure it.

04

Install the top cover.

05

Press the top cover downward to secure it.

06

When installing the top cover, make sure to align the clips.

07

Install the swivel wheels at the bottom.

08

The front wheels do not have brakes, while the rear wheels have brakes.

09

Installation complete.
