Product Description: The striking, heirloom-quality Leesburg California King-sized Poster Bed is elegantly shaped and displays exquisite swirl and cathedral mahogany veneers on the generously-scaled headboard. Crafted of Mahogany Veneers, the bed features a rich traditional mahogany finish with exquisite cathedral and swirl mahogany veneers with light physical distressing. Bed includes headboard, footboard and rails. Headboard can be used alone.

Collection Features: Leesburg harkens back to an antebellum time when elegant traditional mahogany furnishings with graceful lines set the stage for Southern hospitality and grand occasions. The mixture of rich mahogany with the more casual antique white finish results in an unexpected twist on classic style with a fashion flair.

Status: Active

Finish: Leesburg features a rich, traditional mahogany finish with elegant cathedral and swirl mahogany veneers and light physical distressing. Distressing includes worm holes.

Features: California King size
Includes headboard, footboard and rails
Rich, Traditional Mahogany finish
5381-90667 Headboard can be used alone

Material: Mahogany Veneers

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-

craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
