

Kentwood Tabletop Clock 645481

For those who love the simplicity and class of a traditional table clock, the Howard Miller Kentwood wood table clock is a must-have. This beautiful piece features classic detailing and timeless style.

Careful Craftsmanship: One of the reasons that this alarm clock stands out from others is due to its stunning craftsmanship backed by premium materials. The wood table clock is finished in high-gloss Rosewood Hall on select hardwoods and veneers, creating a timeless piece.

Detailed Design: No detail was overlooked in the design of this traditional table clock. This carriage-style table alarm clock features a nickel finished metal top and base. Additionally, the white dial on this clock features a polished silver-tone finished waterfall bezel. Paired with these details are black numerals and hands, silver second and alarm hands, and a glass crystal front. Each of these design details complements one another, creating a traditional piece.

Quartz Movement: Utilizing quartz movement, this wood table clock requires one AA size battery.
