

Assembly Instruction

Preinstallation Notes: Assemble wall near or at final position with at least 2 people. Level all pieces prior to assembly.

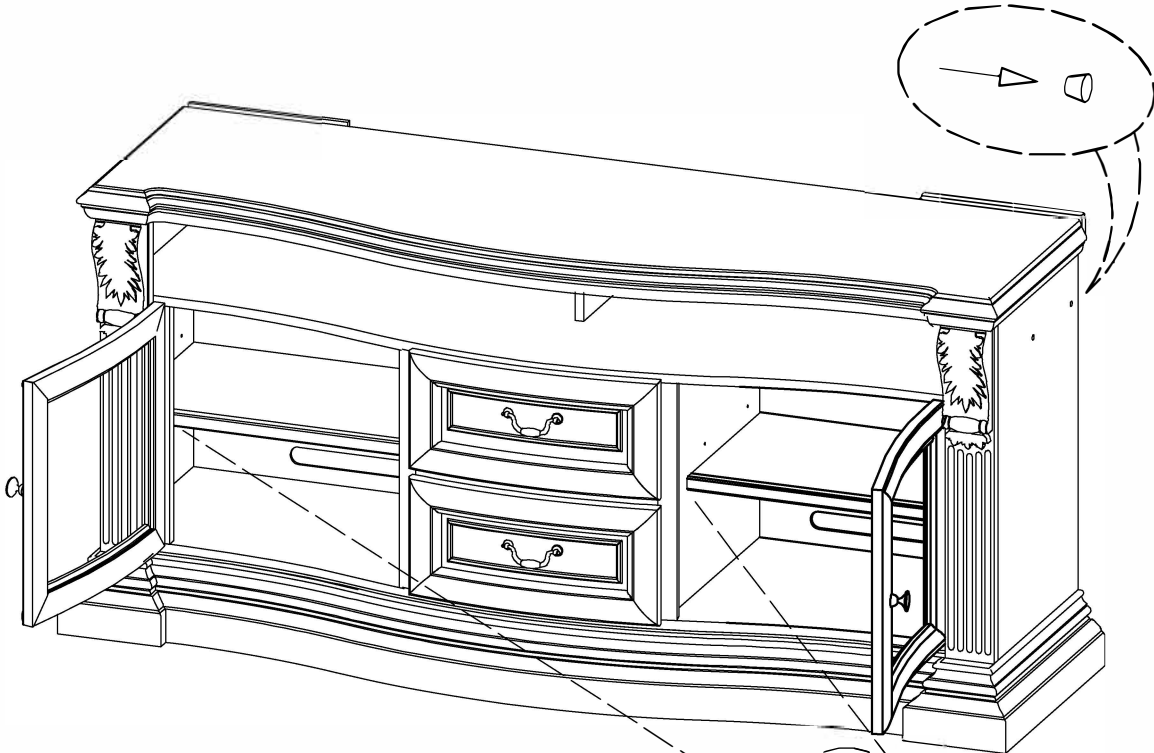

**Tools needed for assembly:
Phillips-head screwdriver,
flat-head screwdriver**

Assembly Instruction

HARDWARE

NO	DESCRIPTION	SKETCH	QTY
	TOUCH UP PEN		1PC

Please remove wood plugs when used in conjunction with piers.

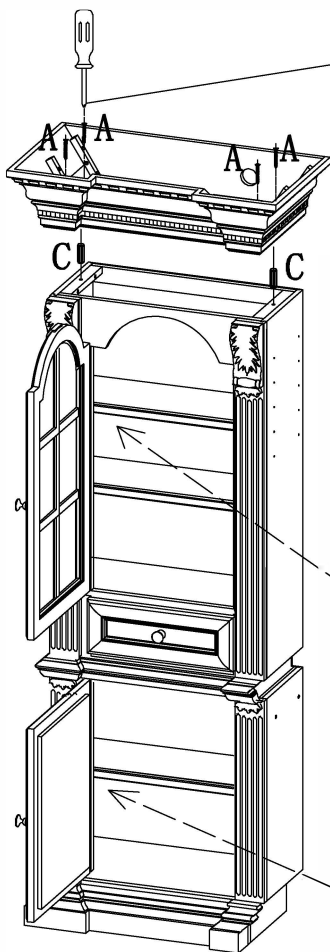

For shipping purposes, adjustable shelves are secured in place. To adjust, please remove screws under each shelf pin. Re-place pins and shelf to desired position. It is recommended to re-secure screws to shelf.

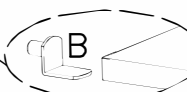

Assembly Instruction

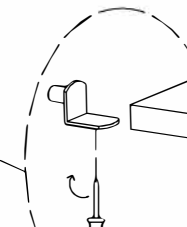

HARDWARE

NO	DESCRIPTION	SKETCH	QTY
A	WOOD SCREWS 1"		4PCS
B	SHELF PIN		8PCS
C	WOOD PLUG		2PCS
	TOUCH UP PEN		1PC

Secure crowns to top of Pier with Wood Screws (A).
IMPORTANT: Screws are only meant to secure crown to Pier, and are non-load bearing. Crowns do not offer any support when moving pier.

 For ease, it is recommended to position adjustable shelves from top to bottom.

 For shipping purposes, bottom shelf is secured in place. To adjust, please remove screws under each shelf pin. Re-place pins and shelf to desired position. It is recommended to re-secure screws to shelf.
