

Certificate of Premium Reclaimed Wood – Authentic & One of a Kind

This piece is crafted from genuine reclaimed solid wood, carefully sourced from aged structures and materials with an estimated history of over 30 years.

Each item is individually handmade and lightly sealed to preserve its original patina, natural texture, and authentic character. Variations such as grain movement, weathering, nail marks, and surface irregularities are inherent to reclaimed wood and are part of its unique story.

No heavy chemical coatings are applied, allowing the wood to remain breathable and maintain its natural tone.

This certificate confirms the authenticity, craftsmanship, and one-of-a-kind nature of your piece.
